#	OTHER (PLEASE SPECIFY)	DATE
1	They need a sound or ringing device and lights at night to alert pedestrians	9/22/2025 9:30 PM
2	I support banning from sidewalks but permitting them to use bike paths like the new ones near Haulover park	9/21/2025 12:39 PM
3	Absolutely as have been almost hit on sidewalk many times	9/20/2025 11:22 AM
4	Certain areas, yes. Along A1A, no.	9/18/2025 5:24 PM
5	No, but require scooters to yield to peds on sidewalks. Too afraid cars will hit scooters in streets.	9/18/2025 5:21 PM
6	Yes when there is not a specific Space for that	9/17/2025 10:26 AM
7	Scooters in the sidewalks can be dangerous for visually impaired people and old people.	9/17/2025 10:15 AM
8	They are more dangerous in the street but they cannot have it both ways.	9/17/2025 10:11 AM
9	Ride with caution and warn pedestrians that you are behind them.	9/17/2025 6:20 AM
10	Only where bike lines are available on the sidewalk (not on the road, where cyclists would feel unsafe)	9/16/2025 10:49 PM

## Motorized Scooter Survey

11	Banning motorized scooters from the Road!	9/16/2025 9:19 PM
12	As long as they have their own lane	9/16/2025 8:58 PM
13	The new Scooters have a Very fast motors and batteries	9/16/2025 8:31 PM
14	if we have special line - yes	9/16/2025 7:41 PM
15	500W and beyond yes. 500W and below, no.	9/15/2025 12:42 AM
16	With a max speed and decided for scooters and pedestrians	9/14/2025 11:19 AM
17	Depending on the speed they could go either sidewalks or street	9/14/2025 9:55 AM
18	they are a menace and cut in and out causing major problems for drivers	9/13/2025 1:22 PM
19	If there is another way more safety yes	9/13/2025 12:13 PM
20	La mayoría son niños y ponerlos en las calles, se incrementarían los accidentes de transito y muertes	9/13/2025 9:30 AM
21	We can go on a sidewalk, but there should be a speed limit so they don't hit the pedestrians	9/13/2025 7:24 AM
22	Better than in the road	9/13/2025 6:52 AM
23	On collins only	9/13/2025 1:18 AM
24	It is more dangerous to be on the road for a child	9/12/2025 7:32 PM
25	Должна быть выделенная полоса	9/10/2025 7:00 PM
26	no of course not. for many parents a scooter is a means of transporting children to school. i can ride a scooter, and my child can ride a bike. and it is not safe to ride on the roadway, especially during rush hour!!!	9/10/2025 4:07 PM
27	Build build a bike and scooter line	9/10/2025 2:52 PM
28	Yes, but only if we will have exclusives and protected bike paths everywhere, even on Collins!	9/8/2025 9:04 PM
29	In my opinion, electric scooters and e-bikes should be allowed on sidewalks only under strict limitations. Specifically, I believe they should be limited to: – a maximum speed of 6–9 mph	9/8/2025 6:22 PM
30	Absolutely	9/8/2025 12:41 PM
31	The street is dangerous unless there's a bike lane	9/8/2025 6:58 AM
32	No, if use speed and power scooters limits.	9/7/2025 5:37 PM
33	No, but creating rules of operation, requiring passing a rule test and disallowing use on roadway	9/5/2025 6:08 PM
34	Yes of course. Every day they almost hit me and my son walking to school	9/5/2025 7:38 AM
35	No, if they respect peatonals	9/4/2025 10:39 PM
36	Yes, if there's a chance to have a lane exclusively reserved for bikes and scooters	9/4/2025 6:49 PM
37	they should be OFF the streets where the cars are so dangerous	9/4/2025 2:16 PM
38	only in case designated lane will be in place	9/4/2025 11:45 AM
39	Speed limit	9/4/2025 8:09 AM
40	No ban, but pedestrians should have the right-of-way.	9/3/2025 7:35 PM
41	Yes, but I see a lot of small kids using it, so for the little ones I believe that is safer to use the sidewalk...	9/3/2025 4:02 PM
42	Motorized scooters should be allowed in designated bicycle lanes on road or sidewalks and not allowed in regular car lanes	9/1/2025 11:08 AM
43	They need scooter/bike line	8/31/2025 1:37 PM
44	O	8/30/2025 10:32 PM

## Motorized Scooter Survey

45	Separate lane	8/29/2025 1:32 AM
46	Ban scooters from main avenues and streets, ok inside the neighborhood	8/28/2025 10:38 AM
47	Gas fed motorized scooters	8/27/2025 10:50 AM
48	It's more dangerous for younger riders to be in the streets	8/26/2025 5:58 PM
49	I want the city to upgrade infrastructure to accommodate alternative means of transportation besides just using cars.	8/25/2025 7:12 PM
50	Please! You can't walk the streets with kids! Impossible. Majority if not scooters drivers are young arrogant kids. I m shocked it is allowed. Hit pedestrians right and left.	8/25/2025 5:18 PM
51	Only if all roads have a designated lane	8/25/2025 11:33 AM
52	Create a bike/scooter lane	8/25/2025 9:26 AM
53	Ebike riders under 16	8/25/2025 3:32 AM
54	For 14-17 year olds no.	8/24/2025 9:49 PM
55	Only if bike lanes are safe, which they aren't	8/24/2025 9:15 PM
56	I was hit by child 10 years old on the SUNY isles bridge.I had bad injury on my leg and I felt dawn.	8/24/2025 3:55 PM
57	Only if you fix the roads and make it safe for every person to ride. Holes in road	8/23/2025 3:11 PM
58	Sure. It's very dangerous for other people and kids and strollers	8/23/2025 2:20 PM
59	In sunny isles beach it is unsafe to ride on street , many pedestrian and cyclists have been killed.when they ride on sidewalk it is a hazard for pedestrian's.	8/23/2025 12:01 PM
60	Yes unless the sidewalk has a strict bike and scooter lane.	8/23/2025 12:16 AM
61	Children should be allowed on sidewalks	8/22/2025 9:45 PM
62	Those are motor vehicles like lite motorcycles and supposed obey same regulations like in the EU	8/22/2025 6:45 PM
63	They speed wildly	8/22/2025 5:14 PM
64	Yes, also bikes motorized	8/22/2025 5:08 PM
65	I cannon stress this enough, these scooters are very dangerous for the pedestrians. There are kids walking as well as older people that cannot get out of the way for some of these scooters. It is very dangerous. I should not have to be worried about being run over on the sidewalk and I am. Constantly! Please take them off the sidewalks.	8/22/2025 4:42 PM
66	Give them designated area on the road	8/22/2025 4:04 PM
67	Banning the use of motorized scooters in the city	8/22/2025 3:17 PM
68	Speed limit for scooters on sidewalks	8/22/2025 2:36 PM
69	Electric scooters AND electric bikes. I almost get hit by somebody every time I take a walk outside.	8/22/2025 2:20 PM
70	From west side of the road sidewalk. Also banning from using communities private driveways counter to the direction arrow.	8/22/2025 2:08 PM
71	How can you say so categorically: no scooters on the sidewalk. Children are riding scooters. It's hot. It's a quick way to get to your destination in this heat at any time. But by throwing these children on scooters onto the road, we endanger both children and drivers.	8/22/2025 2:04 PM
72	Yes because our side walks are very narrow.	8/22/2025 1:41 PM
73	They need to be aware of the walkers	8/22/2025 1:40 PM
74	if it is the minimum speed it does not bother me and for children it is safer than the road	8/22/2025 1:13 PM
75	only if they don't speed.	8/22/2025 12:42 PM

## Motorized Scooter Survey

76	It is terrible , we can't walk with children	8/22/2025 12:41 PM
77	Stricter regulation	8/22/2025 12:40 PM
78	Ban, if no infrastructure.	8/22/2025 12:39 PM
79	Kids should have a max speed for riding sidewalks. Kids are the ones speeding and aren't aware of their surroundings. Even on the street there needs to be a max speed for Kids.	8/22/2025 12:34 PM
80	Not necessarily if each scooter driver abides by the law and regulations and civic manners	8/22/2025 12:14 PM
81	Ban them on narrow sidewalks, and make room on one side of traffic lines for scooters like the bikes.	8/22/2025 12:14 PM
82	Bcause accidents	8/22/2025 12:10 PM
83	Having more bike lanes on the streets should be the solution.	8/22/2025 8:03 AM
84	Can operate on sidewalks but only with care and respect to pedestrians	8/21/2025 5:25 PM
85	Need a bike lane	8/21/2025 5:13 PM
86	Streets are for cars so not sure what would be safe for scooters	8/21/2025 2:22 PM
87	on the sidewalk it's dangerous to pedestrians, in the road it's dangerous to the scooter.	8/21/2025 1:09 PM
88	Please make a separate lane on sidewalk	8/21/2025 10:04 AM
89	Generally yes but OK if traffic patterns along Collins are not safe	8/21/2025 12:37 AM
90	And bikes	8/21/2025 12:15 AM
91	If children are driving they should be safer at the sidewalk	8/20/2025 9:52 PM
92	If there is a bike lane yes.	8/20/2025 7:10 PM
93	The city should evolve andPrepare the infrastructure for this new reality.	8/20/2025 5:55 PM
94	There's not enough bicycle paths in the city. I travel to school mostly, using nb road sidewalk and I think that using the road would be dangerous. Same for collins avenue- i would not want to bike on the road.	8/20/2025 5:48 PM
95	I think there should be a sidewalk for scooters and others intended only for pedestrians.	8/20/2025 5:43 PM
96	Depends, it's ok to commute to school with normal speed, not ok to use Collins ave sidewalk with a high speed without signaling to pedestrians	8/20/2025 5:08 PM
97	Speed limits on sidewalks is nice to have	8/20/2025 3:28 PM
98	YES, just talk about that . it's a war there where they pass by us so fast and if they crash with us or strollers it will cause big damages	8/20/2025 9:13 AM
99	A horn should be mandatory to avoid accidents with pedestrian and dogs	8/20/2025 8:56 AM
100	Then scooters will have to go on the road which is also dangerous.	8/19/2025 11:56 PM
101	No, because the road is even worse for sooter riders and other vehicles.	8/19/2025 9:57 PM
102	reduce the maximum speed of the scooters on the side walk to 10 mph	8/19/2025 4:38 PM
103	where will then they run?	8/19/2025 1:36 PM
104	They need a safe place to ride	8/19/2025 10:13 AM
105	Yes, but dirt bikes and e bikes seem to be a huge issue currently	8/19/2025 9:41 AM
106	Have there own area in sidewalks or like bike lane on the street.	8/19/2025 7:37 AM
107	speed limit of perhaps 8mph on the sidewalk or at least when near people	8/19/2025 6:12 AM
108	If there is no bike lane they can go on the sidewalks.	8/18/2025 10:52 PM
109	It depends. I would prefer it be used in a bike lane instead of on the sidewalks as they can put a hazard to pedestrians walking along Collins Avenue.	8/18/2025 9:28 PM

## Motorized Scooter Survey

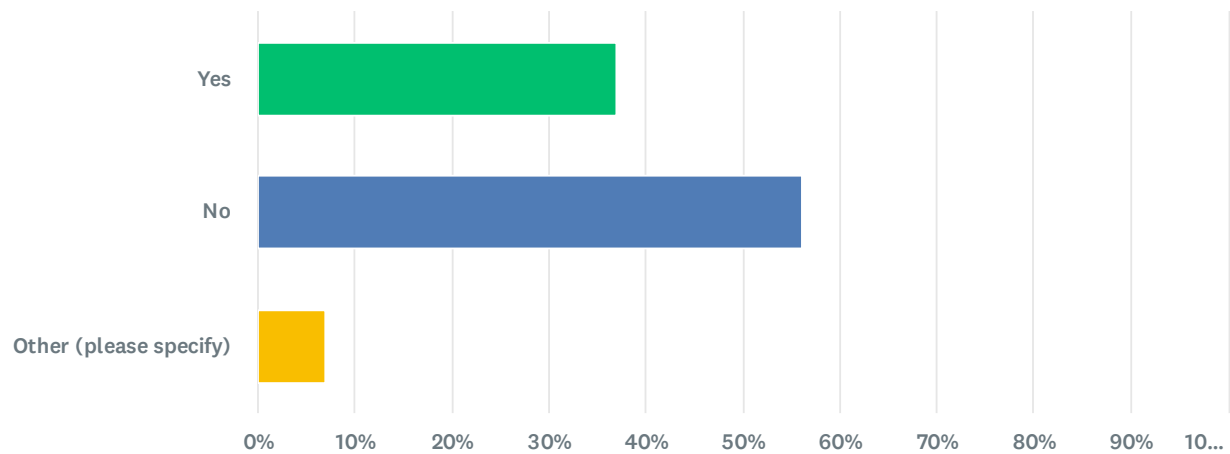

110	Kids are flying, not in proper lane	8/18/2025 9:08 PM
111	Make a lane for scooters teach driving rules	8/18/2025 8:29 PM
112	I always feel I'm going to get hit I can't go for a walk on collins anymore	8/18/2025 8:24 PM
113	Depends	8/18/2025 8:22 PM
114	Rules, regulations and consequences	8/18/2025 8:21 PM
115	only if a designated lane is available	8/18/2025 7:41 PM
116	I don't know about banning them, but they go too fast on the sidewalk sometimes	8/18/2025 7:21 PM
117	Hazard on and off sidewalks	8/18/2025 7:16 PM
118	I feel they are safer from traffic and cars on the sidewalk however, they should abide by a speed limit to avoid pedestrians with greater caution.	8/18/2025 7:09 PM
119	Better on sidewalk than roadways	8/18/2025 2:02 PM
120	Only if you have a designated bike lane restricting automobiles	8/18/2025 1:40 PM
121	Hard to say. Sometimes it's safer for the kids to ride it on the sidewalk	8/18/2025 12:19 PM
122	Sometimes, when child is i support	8/18/2025 12:03 PM
123	Yes but if they are in the streets is worse they slow down traffic and they drive very dangerously.	8/18/2025 12:02 PM
124	If there will be proper lane for a scooter - then my answer is yes	8/18/2025 11:47 AM
125	Speed must be regulated. Its crazy how kids and parents go in the sidewalk so fast	8/18/2025 11:45 AM
126	Scooters do not respect pedestrians on the sidewalk	8/16/2025 1:22 PM
127	Need to make safe routes for scooters example back yard etc	8/14/2025 11:15 AM
128	There is no need to ban scooters unless You, the city, police, are Not able to enforce the rules. It will be as banning vehicles speeding because you cannot control it.	8/12/2025 12:40 AM
129	Ban them from sidewalks	8/11/2025 4:48 PM
130	It really depends on the situation / location / amount of pedestrians / space	8/11/2025 1:16 PM
131	If there is no other place to ride it what is the other options to ride? On the road? It's not very safe for children.We need more lanes for bikes and scooters.	8/11/2025 8:54 AM
132	Need dedicated, not shared. bike/scooter lane	8/10/2025 10:08 PM
133	If Minors under age 18 are on sidewalk it's fine but place a speed limit. They are still children and should not conduct motorized scooters on the street or fast enough to not have control.	8/10/2025 6:41 PM
134	Same line to bicycle was great to scooter	8/10/2025 5:00 PM
135	As long as pedestrians have the right away.	8/10/2025 12:58 PM
136	I think they need to stay on sidewalk but follow traffic rules. Too many times kids swerve in and out of traffic and it's dangerous for both drivers and scooter riderw	8/10/2025 12:27 PM
137	Most streets in sunny are too narrow for an actual separated bike lane. Using the sidewalk is the safer option, especially for younger people.	8/10/2025 12:56 AM
138	Motorized scooters and bikes should only be allowed on a certain side of the sidewalk.	8/9/2025 11:34 PM
139	Our sidewalks, especially along Collins Ave, are too narrow.	8/9/2025 8:14 PM
140	No, I do not because people drive horribly now a days putting kids mostly who are on the scooter in huge danger, I've also seen police here getting angry over a scooter being in the road bike lane and saying go to the side walk.	8/9/2025 3:34 PM
141	Can do it at 10mile/hr speed only, to protect pedestrians	8/9/2025 2:51 PM
142	No i do not want our children riding on street in this city. Drivers are not safe	8/9/2025 2:47 PM

## Motorized Scooter Survey

143	I believe electric scooters should not be used on bicycle lanes in the street (due to the risk they pose both to the rider and to cars), nor on sidewalks meant for pedestrians (especially when sidewalks are narrow, as the speed of these vehicles is dangerous). The ideal solution would be to have wider sidewalks with a clear division: one side for pedestrians and the other for scooters or bicycles. This would help maintain traffic flow, reduce the risk of accidents, and ensure everyone's safety.	8/9/2025 10:17 AM
144	Make a bike/scooter lane	8/5/2025 5:53 PM

## Q12 Do you support banning the use of motorized scooters in the city?

#	OTHER (PLEASE SPECIFY)	DATE
1	Riders need to wear a reflective vest and helmet at all times.	9/22/2025 9:30 PM
2	Limited	9/22/2025 6:23 PM
3	They are a safety hazzard on the sideways and streets. Get some courage and ban them like other high-end cities have done !!	9/20/2025 3:33 PM
4	If the City enforces the rules No, otherwise maybe necessary to ban	9/19/2025 8:01 PM
5	Ok with rules and regulations.	9/19/2025 6:10 AM
6	On the roads only	9/18/2025 10:30 PM
7	On bike lines	9/18/2025 6:39 PM
8	No, but requiring helmets & registering the scooters is a good alternative. Ordinances that allow confiscation of the scooter under certain circumstances should be included.	9/18/2025 5:21 PM
9	I dont think this os possible. But it is getting dangerous to have kids who do not even master moving around in their own bodies ride scooters next to children, elderly a d strollers. No respect is shown whatsoever.	9/18/2025 4:02 PM

## Motorized Scooter Survey

10	No but there should be stricter regulations for everyone's safety	9/18/2025 11:16 AM
11	The scooters as well as the bicycles they should have an addition narrow line as Hollywood and Hallandale have which is not the one shared by the cars. If they are sharing the street with the cars, they have to follow the traffic rules and at least a theoretical exam. They do not respect anything and can create accidents. The police is not enforce anything on them.	9/17/2025 10:11 AM
12	No, as long as there is a designated street lane.	9/17/2025 8:12 AM
13	Not sure	9/16/2025 11:48 PM
14	In appropriate lanes for scooters	9/16/2025 9:36 PM
15	Adjust to use correctly	9/16/2025 8:31 PM
16	Not on main streets	9/16/2025 8:17 PM
17	They can use the road or the bicycle path	9/16/2025 7:17 PM
18	Only if there are not proper provisions made for their use.	9/16/2025 7:08 PM
19	Select areas Collins etc	9/16/2025 3:39 PM
20	scooters and motor bikes can be a weapon using on pedestrian streets and can be danger on car streets	9/12/2025 8:52 PM
21	Only if they have helmets on and if they follow the same rules as cars. At this moment people riding motorized scooters do not stop at the red light, sometimes I see small kids riding a scooter with no helmet going super fast	9/12/2025 6:58 PM
22	I propose to outline a road for scooters and bicycles	9/10/2025 6:37 PM
23	Motorized Scooter has to be controlled, regulated by the City. Until a special lines will be built for them they have to be banned in our City.	9/10/2025 1:26 PM
24	No, motorized scooters should not be banned outright, but they should not be allowed on sidewalks, as they pose significant safety hazards for pedestrians on the sidewalk. Many times, I have seen them ride at unlimited speeds, even up to 30 mph on the public sidewalk in Sunny Isles Beach — in that case, it is most logical and fair for them to use the road, as they can reach similar speeds to 50cc mopeds. There are also bans from public sidewalks in other U.S. states, as well as France, the UK, and many other European countries that have reasonable restrictions and regulations on scooter and electric bike use. In the UK, for instance, they require riders to be 18 or older and to possess a full driving license for riding e-scooters on public roads.	9/10/2025 11:28 AM
25	To avoid accidents . They are blocking the traffic on most of times	9/10/2025 12:19 AM
26	Yes, but Enforcement might be an issue	9/8/2025 9:08 PM
27	They should follow traffic signals as cars or motorbike, and go by the street	9/8/2025 8:52 AM
28	Absolutely not	9/8/2025 6:58 AM
29	Must abide by same traffic laws for cars.	9/7/2025 8:02 AM
30	Not sure	9/6/2025 3:31 PM
31	Only children who successfully accomplished the electronic scooter/bike traffic course	9/6/2025 10:39 AM
32	Should be regulated	9/5/2025 9:27 AM
33	Yes. Even though I rarely ride it, I notice that people and especially kids and teens are not careful as I am	9/4/2025 6:49 PM
34	Yes unless properly regulated.	9/4/2025 6:19 PM
35	Speed limit	9/4/2025 8:09 AM
36	Only adult, children with adult	9/3/2025 9:12 AM
37	At least at night time	8/31/2025 9:15 PM
38	Yes - Based upon current road infrastructure	8/27/2025 10:35 AM

## Motorized Scooter Survey

39	16 years old min	8/25/2025 11:21 PM
40	Yes unless there are bike lanes	8/24/2025 10:20 PM
41	Not on a sidewalk	8/24/2025 2:43 PM
42	Not on sidewalk sidewalk is for walking	8/24/2025 11:29 AM
43	Unsure	8/24/2025 8:03 AM
44	If the motorized scooters/bikes obeyed the traffic rules like cars there would not be a problem at present adults and children ride them any way they please , mostly in a dangerous manner	8/23/2025 12:01 PM
45	Not really	8/23/2025 11:06 AM
46	Children get no exercise riding scooters, they should be riding bicycles.	8/23/2025 12:16 AM
47	not sure- i understand the need to get around	8/22/2025 11:38 PM
48	Only as pretending regular bicycles.	8/22/2025 6:45 PM
49	On the bridge North Bay Road, they goes like crazy and cross st 174 without stop, adult and kids . The green way at the bridge are very dirty already . Completely banning in the city.	8/22/2025 5:08 PM
50	Or at least just ban them from sidewalks and follow the rules. They are flying around, not looking out for cars or pedestrians.	8/22/2025 4:42 PM
51	Not if they are treated as motor vehicles, only in driveways	8/22/2025 3:37 PM
52	Even though, I support banning motorized scooters from sidewalks. They should use the bike lane where they don't pose a risk to pedestrians.	8/22/2025 2:51 PM
53	Not sure	8/22/2025 2:08 PM
54	Only on sidewalks	8/22/2025 2:06 PM
55	If they have a license plate, and pay fine for breaking the rules(bicyclists also never follow the rules	8/22/2025 1:32 PM
56	Separate lanes for bikes and scooters away from pedestrians	8/22/2025 12:51 PM
57	Will be amazing	8/22/2025 12:41 PM
58	It needs stricter regulations	8/22/2025 12:40 PM
59	Not sure	8/22/2025 12:09 PM
60	Strongly	8/21/2025 1:53 PM
61	greatly reducing	8/21/2025 1:09 PM
62	I think they should operate on sidewalk its dangerous when they are part of traffic	8/21/2025 8:09 AM
63	In certain designated areas perhaps	8/21/2025 12:37 AM
64	Enforce laws	8/20/2025 10:36 PM
65	Bike lane for motorized	8/20/2025 9:58 PM
66	No, but with some reasonable limitations: speed limit, age restrictions, wearing helmet, driving specific areas of sidewalk.	8/20/2025 5:48 PM
67	Operation in Bike lanes only	8/20/2025 5:39 PM
68	If they can't obey laws, limits and respect other's yes	8/20/2025 9:13 AM
69	No, you have to establish the right laws/rules/regulations and ENFORCE them. For example, now nobody cares if more than one is riding a sooter, if minors were helmets or not, speeding, not obeying the traffic signal, ...	8/19/2025 9:57 PM
70	They should not be on the sidewalk.	8/19/2025 8:04 PM
71	Ban on streets	8/19/2025 7:18 PM
72	there is no fair answer for this question	8/19/2025 1:36 PM

## Motorized Scooter Survey

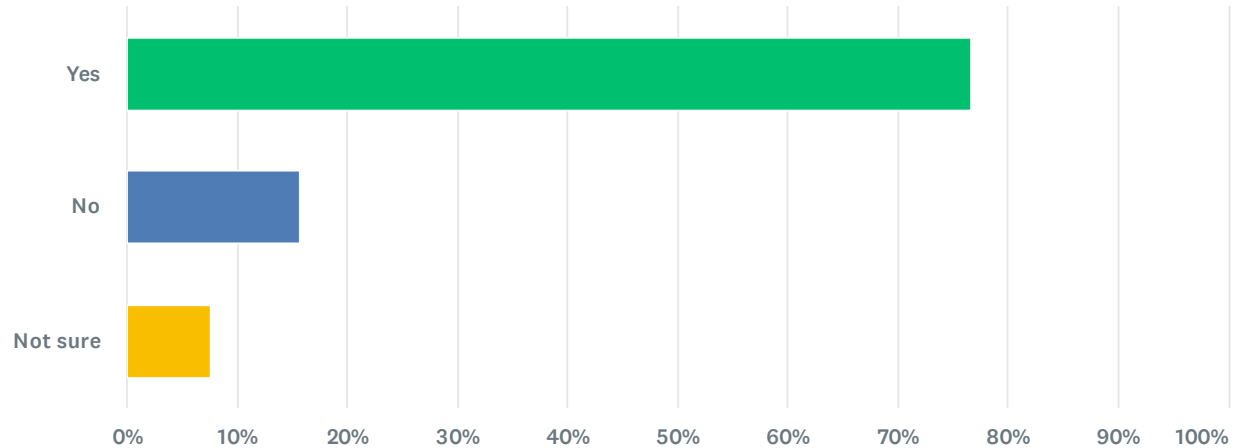

73	Given the age of most users,they pose a danger- specially for mothers,children and others. Very difficult to control,and their numbers keep increasing	8/19/2025 12:20 PM
74	The areas should be restricted, for example, they should not walk on the sidewalks of Collins Ave, it is extremely dangerous for everyone.	8/19/2025 10:53 AM
75	I think it's about being responsible. Kids in particular are being very reckless both on streets and on sidewalks	8/19/2025 9:41 AM
76	Maybe, what are the safety statistics?	8/19/2025 8:56 AM
77	Banned on bridge and sidewalks	8/19/2025 7:46 AM
78	They should be allowed if safely used. Right now our sidewalks are dangerous.	8/19/2025 1:22 AM
79	not sure	8/18/2025 10:48 PM
80	Not sure	8/18/2025 9:28 PM
81	Again, they are not following rules, riding tandem, no helmet, flying thru intersections	8/18/2025 9:08 PM
82	on limted streets. Not Collins Avenue or Sunny Isles Beach Blvd.	8/18/2025 8:37 PM
83	Yes on Byking Road	8/18/2025 8:30 PM
84	Incentive for bikes	8/18/2025 8:21 PM
85	Are you planning to buy back all the scooters that people spent money on?	8/18/2025 7:40 PM
86	Not sure. Mainly I wish they would not go so fast on the sidewalk	8/18/2025 7:21 PM
87	Not sure	8/18/2025 7:16 PM
88	Yes these need to be banned like other congested FI cities have done.	8/18/2025 7:15 PM
89	When used correctly should be ok	8/18/2025 7:06 PM
90	Ban from bike lane unless contrary to law.	8/18/2025 12:22 PM
91	Unsure	8/18/2025 11:54 AM
92	Regulations must be putting in place	8/18/2025 11:45 AM
93	Separate lanes	8/18/2025 11:45 AM
94	Not banning but regulating	8/18/2025 11:37 AM
95	Just not on sidewalks	8/16/2025 2:44 PM
96	Yes, yes and yes	8/16/2025 12:44 PM
97	In designated lanes on the highways only.	8/13/2025 9:27 AM
98	Ok for roads	8/12/2025 4:32 PM
99	We understand that kids need transportation to and from school. Enforce it! Or ban the irresponsable young adult that, If he or she doesnt understand that rules must be obey, they will became recless drivers.	8/12/2025 12:40 AM
100	Danger to pedestrians, motorists and the scooter riders	8/11/2025 4:48 PM
101	I don't think they need to be all together banned because people use them to commute, just some tighter restrictions, or a dedicated lanes?	8/11/2025 1:16 PM
102	If in bike lane	8/10/2025 8:06 PM
103	It should be tightly regulated and not used on sidewalks.	8/10/2025 4:30 PM
104	Need a solution for the kids	8/10/2025 1:58 PM
105	I prefer not is dangerous	8/10/2025 7:26 AM
106	Limit	8/9/2025 11:59 PM

## Motorized Scooter Survey

107	As long as they have at least a Driver's Permit or Driver's License to operate.	8/9/2025 6:10 PM
108	No, because a lot of people would lose their only transportation to places.	8/9/2025 3:34 PM
109	Not sure, but if it goes that way they should be phased out.... also there are different types some are as powerful as motorcycles	8/9/2025 2:50 PM
110	The city has funds contact: Ken Percy +1 (516) 668-1215- his plan is beautiful for our city and will support safety, proper flow of traffic and pedestrians!	8/9/2025 2:47 PM

## Q13 Do you support creating bike lanes to separate bicycle and motorized scooter riders from pedestrians and cars?

## Q17 Do you have any additional concerns or suggestions about motorized scooter use in your community?

Answered: 889    Skipped: 985

#	RESPONSES	DATE
1	Bike lanes are already an issue as there is more traffic and more entitles people on bikes. The kids ride the scooters in sidewalks and not only do they not know traffic laws but sometimes travel faster on the sidewalk than the cars in the street. Several times I've turned into a shopping center and barely missed a scooter traveling down the sidewalk at 25mph.	9/23/2025 8:51 AM
2	I used Electric Scooter last year. I had 3 time accident. Now I don't use anymore. My roommate still using. I saw everyday around Aventura and Sunny Isless area kids using scooter with out any protection and very fast riding some time 2 or 3 kids on one scooter. Very crazy and sad how family let them go. I feel very scared and sad for them. I was thinking to contact with Sunny Isless Police Chef about this. Maybe we need Bike police officer or same Electric Scooter using police officer team. When officer caught the kids with out protection and speeding scooter, just stop them call parents come to pick up your kid and giving them ticket. About charging for kids safety and family responsibility plus one or two days lesson about street safety. That is my project already and just now I saw from facebook about this survey. I am little bit shock and happy. Because I see I am not only one who is loving Sunny Isless and care about families. Ohh my dream job is work Police Department. I love help people and I want to see people safe and happy.	9/23/2025 2:43 AM
3	Just for people to be more mindful	9/23/2025 1:50 AM
4	I think they should be banned. It is a severe risk.	9/22/2025 11:57 PM
5	Scooters can be handy, but right now they cause more problems than solutions. People leave them blocking sidewalks and ramps, riders speed through crowds without helmets, and at night they're almost invisible. Seniors, kids, and folks with disabilities shouldn't have to dodge scooters just to get around. We need clear parking spots for them, limits on speed in busy areas, and a quick safety reminder for anyone riding. Above all, scooters should never block access for people who rely on ramps or buses. With a few simple changes, they could work for everyone instead of against us.	9/22/2025 11:01 PM
6	Scooters must be equipped with a horn and users must be required to warn pedestrians of their approach	9/22/2025 10:31 PM
7	Age 15, special lane, Id on hands and only one person on it	9/22/2025 10:19 PM
8	My main concern is motorized scooter riders don't use lights, sound devices and reflective vest for their safety and the safety of others. Some of them ride too fast on the side walk in a neighborhood that has a big elderly community as well. We gotta think for everyone. Thank you	9/22/2025 9:30 PM
9	No	9/22/2025 8:57 PM
10	N/A	9/22/2025 6:53 PM
11	No rides in group or multiple riders	9/22/2025 6:23 PM
12	Scooter drivers on sidewalks create a serious safety hazard. On several occasions, I have had to step aside quickly because they travel much faster than pedestrians. Walking has become stressful, as I often feel the need to look back out of fear that one of them could run into me or my dogs.	9/22/2025 6:02 PM
13	The city should not dictate all these regulations for people	9/22/2025 6:01 PM
14	Scooters that disregard all traffic laws ex: turning on red without stopping, running red lights and running stop signs	9/22/2025 4:51 PM
15	Speed - the speed is an issue more than anything else's	9/22/2025 4:45 PM

## Motorized Scooter Survey

16	Helmet is mandatory. One rider per scooter. Lights required for night use.	9/22/2025 4:40 PM
17	Ban then for the safety of all.	9/22/2025 3:44 PM
18	I think is no right because most people is Senior I tried walk walk for the sidewalk because is recommended for my Drs. But is very dangerous the kids no respect and don't care please pray attention in this thank you	9/21/2025 12:51 PM
19	The lack of proper police enforcement of regular traffic laws for drivers creates a very unsafe environment for everyone, including motorized scooter operators. Drivers in the area show a willful disregard for proper lane usage, abiding by sped and no turning signs, red lights, and rarely use turn signals. This is the biggest issue with local safety.	9/21/2025 12:39 PM
20	Let's be clear, the bigger problem with road safety in our town is cars. Distracted drivers, speeding, and ignoring crosswalks and red lights are a way bigger threat than motorized scooters	9/21/2025 12:10 PM
21	Needs to be banned or separated from cars and pedestrians. Pedestrians can't hear them and it is dangerous. Cars get slowed down because the scooters cross roads and swap from pedestrian rules to road rules moment by moment for whatever rules are convenient. No consistency.	9/21/2025 11:29 AM
22	Regulate Max Speed 15 KPH	9/20/2025 8:00 PM
23	The best solution is to ban them. Boca also bans them i most areas.	9/20/2025 3:33 PM
24	Huge concern about scooter drivers that don't have any light or high visibility garments (vests and strips that light up with the car lights) Also those who don't obey any transit rules, like red lights, pedestrian guidelines when crossing a street) All of these applies to bikers too.	9/20/2025 1:04 PM
25	safety should be first	9/20/2025 12:10 PM
26	It should be completely banned. Bien lanes should not be allowed in such a small area. It creates a hazzard and traffic congestion.	9/20/2025 11:01 AM
27	I see a lot of children in the streets driving scooters and they don't know what they're doing with the cars they drive in and they don't care if the semáforo is red no rules 🙄 sometimes is two teenagers in one scooter that's no save at night and the scooter doesn't have lights the cars don't even see them	9/20/2025 9:51 AM
28	Scooter drivers, regardless of age, should only be allowed to drive in one specific area, be it roadway our sidewalks. What CANNOT HAPPEN, is for scooters change the path chosen in the middle of the road, i.e., come in the side walk then decide it is faster on roadways and vice versa. You can not have your cake it and eat it too	9/19/2025 8:01 PM
29	no	9/19/2025 3:15 PM
30	Police on scooters is good idea , and I can help our city to implement it	9/19/2025 2:56 PM
31	Scooter users must speak English to read street signs	9/19/2025 2:34 PM
32	I am elderly, I drive only on sidewalks, where I yield to pedestrians. I am disabled veteran, cannot walk, scooter is very important to me to function.	9/19/2025 2:32 PM
33	No scooters or electric bikes or bicycles should be allowed on Collins ave. It's just too dangerous the kids should be able to go in the side walk on their way to and from school.	9/19/2025 1:39 PM
34	think children should be banned from driving on the roads only if they cross the road. Each class should hold a meeting with children about how to drive and where to drive. When passing people, they should slow down and cross the road carefully. Adults who have a license know how to drive on the road and take responsibility for how to drive so as not to interfere with drivers! Children can be punished with community service if they violate the rules more than five times, and they should clean up	9/19/2025 12:34 PM
35	Use of Helmets enforced to ride motorized scooters	9/19/2025 12:25 PM
36	They don't have to he where is people walking !	9/19/2025 9:59 AM
37	The recently renovated bridge could benefit from clearer signage regarding scooter traffic. I believe adding more signs would help both scooter riders and pedestrians understand where	9/19/2025 8:58 AM

## Motorized Scooter Survey

each group should go, ensuring a smoother flow of traffic and minimizing any disruptions for everyone using the bridge.

38	While scooters are supposed to help us parents. Unfortunately not every kid riding it is mature enough to have this responsibility. We see countless times of them just lingering in the middle of the road without first looking for cars, and we aren't talking about the corners is int he muddled. Clear guidelines and support from police department to enforce them.	9/19/2025 8:36 AM
39	Is horrible how young people don't fallow traffic rules!	9/19/2025 8:27 AM
40	I do not own a motorized scooter but plan to purchase one soon	9/19/2025 6:18 AM
41	Must wear helmet. Ticket if stopped for not wearing one	9/19/2025 6:10 AM
42	They are driving like there is no rules for them . It's so dangerous. I want them to ban in the streets. Only to use in neighborhoods	9/19/2025 1:44 AM
43	Speed limit no more then bicycle	9/19/2025 1:01 AM
44	-	9/18/2025 11:59 PM
45	That should use helmets all the time and have light and insurance.	9/18/2025 11:25 PM
46	Anything motorized over 20 mph is a vehicle. No place on the sidewalk.	9/18/2025 10:30 PM
47	No.	9/18/2025 10:28 PM
48	Extremely dangerous on sidewalks for children and elderly.	9/18/2025 10:15 PM
49	1. It might be helpful to enforce lower speed limits in residential or high-traffic pedestrian zones. 2. There should be a speed restriction if scooters are allowed to run on sidewalks. 3. Create a dedicated scooter lane on the roadway, not on the sidewalk, especially in areas where elderly people walk	9/18/2025 9:54 PM
50	Maximum speed should be follow, some run too fast.	9/18/2025 7:51 PM
51	I feel unsafe walking in this community with scooters and bicycles on sidewalks.	9/18/2025 7:29 PM
52	They should divide the wax, they should be wider. Also so that there is a path for walkers and another for skateboards.	9/18/2025 7:27 PM
53	they need an insurance based on weight and age. I have seen man running like crazy, if they hit someone they will kill that person. I already was run over by scooter ending with a medical bill of 27 k, plus therapy. from now I record everyone who runs fast and G-d forbid, but next time I will sue the kids with his family altogehter.	9/18/2025 6:54 PM
54	In my opinion, if someone wants to use a scooter, they should first learn the traffic rules, set a minimum age, install distinguishing signs on the scooter, such as lights, a bell, and a speed limit. They should also use designated lanes and wear a helmet.	9/18/2025 6:53 PM
55	I think it's not safe.	9/18/2025 6:04 PM
56	Some motorized scooters are driven at such high speeds that they would be ticketed if they were cars. Scooters and cyclists make it point to NOT OBEY traffic signs and traffic lights. The offending vehicles should be immediately impounded until the ticketed fines are paid.	9/18/2025 5:43 PM
57	I feel that ever since the new laws were implemented it has given the children more stress while commuting to school. It has also given them a bad relationship with police officers that constantly stop them and give them tickets instead of doing their job of keeping the community safe. Kids shouldn't be stopped every single morning instead we should educate the community on how to protect each other. Cars are constantly speeding and or driving recklessly and that should be the role that the police officers play, by controlling traffic. Thank you for your time and for your service.	9/18/2025 5:28 PM
58	Talk about double riding	9/18/2025 5:24 PM
59	If more bike lanes are created, then scooter riders would use them instead of the sidewalks. Motorists make traveling the street very dangerous.	9/18/2025 5:24 PM
60	More than once, young boys (10ish yrs old?) have been out purposely riding scooters in the streets to block and harass cars. Swerving and zig zagging slowly to be obstructions, riding in	9/18/2025 5:21 PM

## Motorized Scooter Survey

the opposite lane TOWARDS oncoming vehicles. This type of behavior makes me favor a ban on scooters.

61	Scooters and bikes using the sidewalk. This should be prohibited. The sidewalk should only be used by foot.	9/18/2025 5:14 PM
62	Que los niños y adolescentes menos de edad tengan más supervisión de los padre al momento de movilizarse en un scotter	9/18/2025 4:43 PM
63	I think everyone should calm down about kids with scooters. This is old people complaining about skate boards from the 80s	9/18/2025 4:30 PM
64	Yes. I have a toddler who wants to walk all the time but I cant get her off the stroller on a sidewalk because we always have motorized scooters flying by all the time. They dont even slow down to pass you by.	9/18/2025 4:02 PM
65	No	9/18/2025 3:46 PM
66	If riding on a road after a certain speed it's best to wear a helmet	9/18/2025 3:10 PM
67	Not safety to Walking pedestrians with stroller because scooters are riding very fast	9/18/2025 1:38 PM
68	Police has to better control scooter traffic violations.	9/18/2025 1:02 PM
69	First and foremost, the people who live here permanently, that is, the apartment owners, should feel safe and not even feel comfortable.The residents who ride scooters here are people who temporarily rent housing: today they are in this city, tomorrow in another.Please, clean up the mess. Remove scooters from sidewalks and roads. It's impossible not to walk, not to drive, and it's not safe for children to walk at all.	9/18/2025 12:32 PM
70	North Bay Road only has two lanes and is already affected by floods and school traffic, adding a bike lane would affect traffic further. The use of scooters before and after school should be strictly monitored and regulated, if at all permitted. It is truly a safety concern for all pedestrians and children.	9/18/2025 11:16 AM
71	Do not use for multiple riders, ride individual only	9/18/2025 10:56 AM
72	ban scooters in Sunny Isles Beach	9/18/2025 9:21 AM
73	No	9/18/2025 9:10 AM
74	Ticket these offenders.	9/17/2025 10:39 PM
75	Children should not ride any motorized vehicle.	9/17/2025 8:02 PM
76	Los peatones siempre van distraídos o con audífonos y nunca escuchan los timbres de las patinetas después son groseros e insultan a las personas que viajamos en patineta así sea como yo lo hago de manera cuidadosa	9/17/2025 5:43 PM
77	Use helmets. Please divide sidewalk or make extra line on the road for the scooters and bikes use. The community is growing so we have to accommodate and adjust for a new technology. This is important for kids and adults to get to school and places around the city. This makes less traffic and less pollution than using a car.	9/17/2025 4:37 PM
78	I believe it is important to create a separate lane for motorized scooters. Riding with bicycles or cars is dangerous, so dedicated scooter lanes would improve safety for both riders and pedestrians.	9/17/2025 3:59 PM
79	No	9/17/2025 12:01 PM
80	Tienen que obedecer las reglas de tránsito como parar en un stop no cruzar las calles con la luz roja	9/17/2025 11:42 AM
81	Helmets should be required as well. It is dangerous in Sunny Isles and my dog is often scared by the scooters going by as well.	9/17/2025 11:17 AM
82	I find that everyone that uses a motorized scooter in my neighborhood does not have any regard for pedestrians, or traffic signs and that includes adults carying children in the morning. They do not stop for anyone, I have seen them rush past the cross guards in the corner of my apartment. Many times when I go for walks they just speed past me and I am the one that has to move out of the way or risk getting run over	9/17/2025 10:49 AM

## Motorized Scooter Survey

83	They should be licensed by the state. They are a constant treat to motorists and pedestrians.	9/17/2025 10:24 AM
84	The police has to enforce the regulations, scooter and bicycles do not respect traffic lights and they are not stopped.	9/17/2025 10:11 AM
85	Very Dangerous for pedestrians because children often many on same scooter drive recklessly and with no concern for pedestrians. Adults also on scooters have no limits...	9/17/2025 9:58 AM
86	They drive like crazy. They're going at high speeds, they don't watch out for cars. They need to be put in order. They do not respect the traffic rules.	9/17/2025 9:45 AM
87	it must be the speed limit for motorized scooters and velo	9/17/2025 9:35 AM
88	Specialized bright gear for scooter riders.	9/17/2025 9:27 AM
89	Stop turning our neighborhood into a nanny state with overregulation. This is America!	9/17/2025 9:25 AM
90	Scooters speeds should be kept to half of what is posted for motor vehicles.	9/17/2025 8:40 AM
91	Kids of well under 10 years ride these scooters up to three of them in one scooter it is a complete nonsense. They also don't respect any traffic laws or traffic whatsoever.	9/17/2025 8:23 AM
92	RIDING A SCOOTER ON THE SIDEWALK WILL MAKE IT DIFFICULT TO TRANSIT AS A PEDESTRIAN. IT WILL ALSO BE DANGEROUS FOR DRIVERS WHEN PULLING OUT OF A PARKING LOTS OR DRIVEWAYS AND A SCOOTER ALL OF THE SUDDEN IS SPEEDING DOWN THE SIDEWALK AT 20 MPH. THERE ARE A LOT OF NEAR MISSES EVENTS.	9/17/2025 8:13 AM
93	Please also look at setting scooter regulations after school. North Bay road gets flooded with kids and scooters riding at high speeds, making it impossible to drive and enter our properties.	9/17/2025 8:12 AM
94	Use caution, helmet and speed limit. Warn pedestrians when driving behind them.	9/17/2025 6:20 AM
95	Any motorized vehicle should follow the same rules of the road as a car.	9/17/2025 6:00 AM
96	scooters are dangerous	9/17/2025 5:08 AM
97	Require helmets	9/16/2025 11:09 PM
98	more police to check	9/16/2025 10:56 PM
99	Usar casco protector	9/16/2025 10:37 PM
100	Should have a speed limit of 25mph Can force a scooter rider to ride in the streets because is dangerous. If the scooter is handle properly on the sidewalk is safer for the rider.	9/16/2025 10:34 PM
101	More enforcement needed to stop multiple riders on one scooter and riders without helmets.	9/16/2025 10:30 PM
102	please get them out of the sidewalk, they are very dangerous to the community.	9/16/2025 10:14 PM
103	Kids today's do not respect	9/16/2025 9:51 PM
104	Please, establish a limit of persons riding on ONE scooter: I see an adult and 1-2 children; this has to be stritly regulated. Helmets should be obligatory for the scooter riders.	9/16/2025 9:39 PM
105	In my opinon, it is dangerous to ride motorized scooters together (driver and passenger). Limit the speed of motorized scooters. Ban several scooters from riding in parallel. Limit the speed of scooters to 5 miles per hour.	9/16/2025 9:38 PM
106	Speed and helmet	9/16/2025 9:36 PM
107	Should a safety course at least they know what they are doing to rules and law	9/16/2025 9:30 PM
108	No	9/16/2025 9:19 PM
109	Banning motorized scooters and e-bikes from city and major roads like: A1A!!!	9/16/2025 9:19 PM
110	time to time have a safety officer do short safety course at school , remind children that we share sidewalk with pedestrians and thus need to be respectful. Banning scooters will create insane traffic during school drop off/ pick up hours. We live in Sunny Isles because the city is small and safe and kids can commute to school on scooters. Banning scooters does not solve a problem of having reckless riders. Remember that some ppl continue texting/driving and DUI regardless of consequences it may lead to, thus it doesnt mean that we should ban cars...	9/16/2025 9:18 PM

## Motorized Scooter Survey

111	Even though I don't use a scooter myself - I know kids need this type of transportation to go to school and to move around. Will be unfair to leave them with no option to move around.	9/16/2025 9:06 PM
112	People, particularly children are reckless and feel they are exempt from following safety rules. Fines should be issued to unregistered scooters, not wearing a helmet, not following road safety rules, reckless driving and people with another person particularly a child or minor riding with them.	9/16/2025 8:59 PM
113	The safety of myself, my children and others. What goes on now is way out of hand, everyday as a driver I need to dodge an entitled scooter rider riding in the car lane and usually not looking	9/16/2025 8:58 PM
114	Safety for pedestrians in the city	9/16/2025 8:53 PM
115	Priorizar siempre al peaton	9/16/2025 8:45 PM
116	They drive recklessly	9/16/2025 8:42 PM
117	No	9/16/2025 8:38 PM
118	Currently scooters are very dangerous for both drivers and pedestrians	9/16/2025 8:15 PM
119	Regulate use of motorized scooters and protect pedestrian	9/16/2025 8:04 PM
120	Запретить электробайки, электровелосипеды на тротуарных дорожках	9/16/2025 7:58 PM
121	I am completely again the use of scooter. I have had several times the risk of being hit and not only me but my wife and daughters. One more thing they never respect the stops and rules.	9/16/2025 7:47 PM
122	El scooter no puede ir por la vía de peatones ni aceras por son un peligro para los ancianos q caminamos todos los días por nuestra ciudad	9/16/2025 7:42 PM
123	I believe those riding scooters should wear helmets.	9/16/2025 7:40 PM
124	They should have a special license	9/16/2025 7:37 PM
125	They use the same line as the bycycles in one of the lines of the cars !	9/16/2025 7:26 PM
126	I think a lot of it is common sense. Helmets would be a good thing for people to wear.	9/16/2025 7:23 PM
127	Scooter are not safe people died	9/16/2025 7:19 PM
128	For the safety of the kids, specially going to school they need to ride the scooters on sidewalks, not on streets with cars. I know a lot of kids go to school on scooters, and kids don't have IDs	9/16/2025 7:17 PM
129	The NSESIB motorized scooter traffic abuses and makes null all of the pedestrian pathways that have been set apart for safety in our community. Around the school, especially at dismissal time, is the worse use of motorized scooters particularly on Bay Road. Furthermore, according to law enforcement reports, motorized scooters are the transportation of choice for individuals who do not have valid government issued identification.	9/16/2025 7:16 PM
130	No	9/16/2025 7:15 PM
131	They are Dangerous for pedestrians walking on the sidewalks.	9/16/2025 7:09 PM
132	Responsible individuals as well as their dependents.	9/16/2025 7:08 PM
133	They're too fast	9/16/2025 7:03 PM
134	Enforce traffic laws !	9/16/2025 5:07 PM
135	Separate bike lanes from motorized scooters and bikes lanes	9/16/2025 5:05 PM
136	The safest option would be a bike lane. Riding on the sidewalk puts pedestrians' lives at risk, as many riders go at high speeds. But riding on the road is also dangerous, drivers on Collins are often distracted, looking at their phones, and we would be putting our lives in their hands. Plus, Collins already has heavy traffic, so removing a car lane for bikes or scooters is not viable.	9/16/2025 4:30 PM
137	There's a law in place in many states which prohibits scooters and e-bikes from operating on sidewalks. It states that they should only be operacional on streets. Sunny Isles must create	9/16/2025 4:14 PM

## Motorized Scooter Survey

an ordinance to safely protect its citizens from harm. All municipalities have the authority to impose additional restrictions based on community needs.

138	Street crossing. At lights only	9/16/2025 4:05 PM
139	No	9/16/2025 3:55 PM
140	They are very dangerous and every day I almost get hit walking	9/16/2025 3:48 PM
141	No	9/16/2025 3:45 PM
142	No	9/16/2025 3:39 PM
143	Regardless of what's decided enforcement is key, currently code & police have produced sub-par at best results	9/16/2025 3:39 PM
144	No	9/15/2025 6:50 PM
145	Es peligroso	9/15/2025 6:12 PM
146	If you see me walking my scooter and not riding, I do not want to be stopped and asked why my helmet isn't on when I'm not driving it in the first place. Or are we also removing the right to walk?	9/15/2025 5:57 PM
147	I would like that anyone caught driving at an excessively high speed have their vehicle seized and no longer be authorized to use it (or at least suspended and fined). They should also be required to have proper lights and to always use the lanes specifically designated for them; otherwise, the vehicle should be seized, a fine imposed, and then a review conducted to determine whether it can be returned or not, just like with any other vehicle.	9/15/2025 8:58 AM
148	Electric scooters help people travel short distances quickly without adding to car congestion, parking demand, or emissions. With the right framework in place, they can be a safe, responsible, and valuable part of the city's transportation system. if the idea is to ban scooters because they sometimes get in the way, then let's be consistent: ban bicycles too — after all, they can block lanes and cause accidents. And don't forget rollerblades and skateboards And while we're at it, maybe cars should be the first to go, since they're the ones actually taking up all the space and first in the line of deadly accidents.	9/15/2025 12:42 AM
149	One person on a scooter	9/14/2025 11:19 AM
150	They should be required to follow the same rules as cars if on the streets.	9/14/2025 9:55 AM
151	motorized scooter is extremely dangerous means of transportation on our very narrow streets of Sunny Isles beach	9/13/2025 7:58 PM
152	Fatal accidents with kids	9/13/2025 7:28 PM
153	I believe that the use of electric scooter in the city is very important, firstly for the safety of children who would get home faster by using them responsibly and we would not have traffic. However, if their use is prohibited, parents would go by car and that would cause more traffic.	9/13/2025 4:59 PM
154	Failing to enforce the ordinance on electric scooters poses serious risks to both safety and order in the community. Without proper regulation, scooters may be used recklessly on sidewalks, roadways, or restricted areas, increasing the likelihood of accidents involving pedestrians, drivers, and riders. It also sets a precedent of disregard for established rules, weakening the community's ability to maintain compliance in other areas. Consistent enforcement is essential to protect residents, reduce liability, and ensure that shared spaces remain safe and accessible for everyone.	9/13/2025 4:37 PM
155	Must have a helmet, must be only one person riding, must take a driving exam, must have a visible tag number, the city must create a special line for them separate from pedestrian walk, and must have a school or government ID (city) with a mark that the person passed the driving exam.	9/13/2025 4:31 PM
156	Safety; regulations	9/13/2025 3:51 PM
157	Very dangerous especially when they are in sidewalks zooming past the elderly and mothers with small children and strollers. Scooter users rarely wear helmets, proper shoes and often are operating them in an unsafe manner (eg not following traffic laws, weaving between sidewalk and street, multiple riders on scooter built for one, no lights at night). I would support	9/13/2025 3:22 PM

## Motorized Scooter Survey

a total ban on them. If not a ban, then ticket riders for disobeying the law or who are not wearing helmets and proper footwear.

158	No	9/13/2025 1:40 PM
159	Drivers of these bikes have no regard for any car in its way. They are arrogant and are a menace on the roadways.	9/13/2025 1:22 PM
160	Banning scooters is a bad idea. Many people, including adults, rely on scooters as primary means of transportation. They dont cause any major issues and shouldn't be banned.	9/13/2025 11:56 AM
161	It is extremely dangerous at the speed they are traveling after school.	9/13/2025 9:28 AM
162	I think that if motorized scooters are riding on the side walk, they need to follow pedestrians laws. If they are on the streets, they need to follow the lights just like cars.	9/13/2025 8:06 AM
163	kids alone shouldn't ride a scooter to a certain age, and parents with kids supposed to wear Hamlet. Speed policy on a sidewalk, we with my kids were so many times almost hit by a scooter on a side walk	9/13/2025 7:24 AM
164	I think they should enforce the use of helmets.	9/13/2025 6:52 AM
165	Get off the sidewalks. No bicyclists or scooters on sidewalks.	9/12/2025 11:49 PM
166	The speed of the scooter is not appropriate for sidewalk. Scooter operators do not obey traffic rules like stop signs or traffic lights, being dangerous for cars	9/12/2025 10:41 PM
167	No	9/12/2025 10:01 PM
168	The east side of Collins (beach side) is too narrow to have a safety walk and deal with bikes and scooters.	9/12/2025 9:34 PM
169	No	9/12/2025 9:27 PM
170	I don't think the problem is the electric scooters, but rather people's behavior. There are teenagers fooling around on bikes in the streets, and rude drivers in cars. What we really need is for people to be more careful with each other and show more respect.	9/12/2025 9:09 PM
171	Speed limits	9/12/2025 9:09 PM
172	some of the people don't listen when i honk at them and then they don't move	9/12/2025 8:57 PM
173	si ha ha ido muchos accidentes la gente que los maneja no respeta normas de velocidad no lleva casio no respeta ni priori al paton	9/12/2025 8:52 PM
174	I'm worrying about safety, that's why I think motorized scooter drivers have to be of minumum 16 y.o. age, pass some driving exams	9/12/2025 8:51 PM
175	Use in the morning to school	9/12/2025 8:29 PM
176	My concern is they don't look both ways before zooming across side walks. I live where there is a bend that dont have good sight on who's coming twords me and a pedestrian walks slow enough I see but for a scooter I can look both ways and when I start to move forward a scooter goes by which makes the drivers stop very quickly. I have experienced this and seen it happen many times. In other countries like France they have lights for cars, pedestrians and bicycles/scooters. I think it's a great idea	9/12/2025 8:23 PM
177	Ticket for the kids are in road.	9/12/2025 8:13 PM
178	Yes! They are dangerous and don't respect rules and traffic lights.	9/12/2025 7:36 PM
179	Scooter and motorcycle riders in our city often ignore traffic rules, making roads more dangerous for everyone. Stricter enforcement is needed to ensure safety.	9/12/2025 7:28 PM
180	Speed limit	9/12/2025 7:26 PM
181	Don't run people over	9/12/2025 7:22 PM
182	no	9/12/2025 7:20 PM
183	Scooter riders Running fast and never stop on red light or stop sign	9/12/2025 7:19 PM
184	Only one person per scooter and speed limit	9/12/2025 7:15 PM

## Motorized Scooter Survey

185	Scooters are used a lot give them space	9/12/2025 7:05 PM
186	We need more bike lanes, and better public transportation such as public vans instead of these huge public buses that always break down on the street and block the traffic or run late and stop every minute because of 50 bus stops along Collins Avenue.	9/12/2025 6:58 PM
187	Speed restrictions	9/12/2025 6:49 PM
188	In my opinion motorized scooter are very useful for community to avoid traffic in the city, but I'm not agree with minors using motorized bicycles.Those are very danger because kids drive very fast and they don't think in a fatal consequences. Avoid MOTORIZED BICYCLES and maybe scooter up to 40MPH	9/12/2025 11:38 AM
189	No	9/12/2025 8:04 AM
190	We have 3 children in our family , and they are asking us to buy a scooter. We don't buy, because we see how it's dangerous for them and others.	9/11/2025 11:46 AM
191	Scooters should not be banned. Students use them to get to the school on time. To walk when it is too hot is impossible.	9/11/2025 10:35 AM
192	If a child arrives late at the bus stop, misses their bus, becomes delayed at school, or spends too much time outside, they may experience heatstroke or sunstroke. In addition, walking home in the extreme heat for more than 15–20 minutes places children at significant risk. Such conditions are highly unsafe for children in a city with such intense heat. Therefore, if scooters are canceled, the school must provide a bus and ensure that each teacher supervises the boarding process so that every child gets on safely and on time. After that, parents can meet their children directly.	9/11/2025 9:54 AM
193	It's very dangerous! It's impossible to walk with small children.	9/11/2025 1:52 AM
194	Yes. Safety issues with high speed electric scooters being used without helmets and in tandem being used by minors with no training	9/11/2025 12:27 AM
195	No	9/10/2025 10:05 PM
196	No	9/10/2025 9:04 PM
197	Don't allow to ride teenagers younger 18 years old on e-bike.	9/10/2025 8:58 PM
198	Scooter helps for parents who doesn't have enough money for take a second car for one family.it's so important!	9/10/2025 8:57 PM
199	I fully support a complete ban on the use of e-scooters and bicycles within the city limits, because this creates a huge danger for small children, elderly people and just pedestrians.	9/10/2025 8:05 PM
200	Children on motorized scooters violate all current traffic rules. They drive in the center of the road and create many dangerous situations .	9/10/2025 8:04 PM
201	I fully support a complete ban on the use of e-scooters and bicycles within the city limits, because this creates a huge danger for small children, elderly people and just pedestrians.	9/10/2025 8:03 PM
202	Even adults don't follow the rules, so how can we expect them to teach this to kids? If nobody follows the rules, then it's better to just ban it. It's safer and healthier to ride a regular scooter.	9/10/2025 8:02 PM
203	Teenagers are putting themselves and other at risk by driving recklessly	9/10/2025 7:45 PM
204	No	9/10/2025 7:31 PM
205	teenagers and adults are walking very hard on the sidewalk sector beating people up. we need a special road for them	9/10/2025 6:37 PM
206	Kids are riding scooters without any safety gear and not abiding any laws which causes a concern for all citizens in the city.	9/10/2025 6:20 PM
207	The only concern I have is speeding and riding 2 kids or kid and adult on one scooter	9/10/2025 6:10 PM
208	There shouldn't be more than 1 rider on a motorized scooter and rider must wear an helmet. No texting should be allowed while riding and rider should be aware of his/her surrounding at all time.	9/10/2025 5:56 PM

## Motorized Scooter Survey

209	espero que prohiban el uso de los scooter electronics y las bicycle gas con motor son muy pelicans en la acera en otros paases como Holanda esta complement prohibitions si uso y aqui la gente /sociedad no esta preparada para separate regal/normas / o tendril q poner notmas muy estrictas o prohibir ai uso	9/10/2025 5:56 PM
210	No	9/10/2025 5:54 PM
211	Two kids in one scooter	9/10/2025 4:58 PM
212	Ban the e-scooters and the e-bikes from sidewalks and let the kids walk to school,not safe or relaxing walking in any street in Sunny Isles...	9/10/2025 4:56 PM
213	i think you guys are making a big of a deal with scooters... What are the statistics?	9/10/2025 4:33 PM
214	I would appreciate an enforcible city code to reign in scooters, I walk to local stores, the library and post office and I risk life an limb every time I go out. The scooter riders have taken over the sidewalks	9/10/2025 4:21 PM
215	I only see a problem with kids aged 12–15 who ride scooters recklessly and break the rules. I don't see adults riding poorly or needing to be restricted from using scooters! The vast majority use scooters to take their children to school, and parents do this carefully. I use a scooter very rarely, but I also don't understand the previous restrictions that prevent a parent from riding together with their child. It's dangerous when two teenagers ride a scooter doing who-knows-what, but not when a parent, who is responsible for their child, does it. Introducing these restrictions was foolish. Restrictions should apply only to minors! A scooter-handling course for parents is also unnecessary if the parent has a driver's license! Order needs to be established only among teenagers — because the issue isn't just about scooters, they also race around the city on bikes without following the rules! I honestly don't understand how this isn't being paid attention to!	9/10/2025 4:07 PM
216	You should not allowed scooters in the city. It's dangerous for residents!	9/10/2025 4:06 PM
217	No scooters period	9/10/2025 4:01 PM
218	No scooters without driving license and exam about safety (helmet etc)	9/10/2025 4:00 PM
219	believe that schools should hold monthly lectures for teenagers about safety rules and how to properly use scooters. As for parents who take their kids to school on scooters—I have no issue with that. The most important thing is to treat everyone around with respect, slow down where people are walking, and let others pass whenever possible. If everyone treats each other with respect, there won't be problems on the roads or sidewalks.	9/10/2025 3:57 PM
220	No	9/10/2025 3:35 PM
221	The main concern should be regarding the safety of pedestrians. Motorized scooter riders are also at risk themselves when riding at high speeds in front of vehicles pulling out of residential driveways on Collins Avenue in Sunny Isles Beach. Having knowledge of the laws on this topic in other countries, the most logical argument, in my view, is that it should be illegal to ride such scooters on public sidewalks in Sunny Isles Beach. Ultimately, motorized scooter riders must follow the same traffic laws as cyclists, requiring adherence to traffic signals, speed limits, and yielding to pedestrians. My daughter and I have experienced close encounters with such high-speed scooter riders while walking on the sidewalk, and there should not be such safety hazards on our sidewalks.	9/10/2025 3:17 PM
222	Stop putting tickets to the kids. Better to do safety classes	9/10/2025 2:52 PM
223	Do it before someone dies	9/10/2025 1:57 PM
224	Motorized Scooter has to be controlled, regulated by the City. Until a special lines will be built for them they have to be banned in our City.	9/10/2025 1:26 PM
225	Very dangerous to people who ride them and pedestrians.	9/10/2025 1:10 PM
226	Motorized scooter are not only destroying our city and creating a potential for accidents/traffic but are also ruining the conditions of condominiums as owners are less likely to keep them outside. They contribute to the countries obesity problem among young children. Make America healthy again and have children walk to school - keep the tradition alive. It's not like the town is that big.	9/10/2025 12:27 PM
227	I think the main concern should be regarding the safety of pedestrians. Motorized scooter	9/10/2025 11:28 AM

## Motorized Scooter Survey

riders are also at risk themselves when riding at high speeds in front of vehicles pulling out of residential driveways on Collins Avenue in Sunny Isles Beach. Having knowledge of the laws on this topic in other countries, the most logical argument, in my view, is that it should be illegal to ride such scooters on public sidewalks in Sunny Isles Beach. Ultimately, motorized scooter riders must follow the same traffic laws as cyclists, requiring adherence to traffic signals, speed limits, and yielding to pedestrians.

228	We need to create bike lanes to separate bicycle and motorized scooter riders from pedestrians and cars?	9/9/2025 9:15 PM
229	No kids riding them, they don't look and pull out in from of cars	9/9/2025 6:30 PM
230	No	9/9/2025 3:58 PM
231	I have two children and if they wear helmets I think they can ride slowly together on one scooter	9/9/2025 7:55 AM
232	Age is the biggest factor. Kids and teens are irresponsibly riding and causing most of the issues.	9/8/2025 10:18 PM
233	I think I'm motorized scooter. Should be treated like a vehicle. You need a drivers license. And you have to treat children riding scooters the same way you would treat children driving a car.	9/8/2025 9:08 PM
234	Our city needs more exclusives and protected bike paths, even on Collins! The bikers and scooters will stop using the sidewalk only if there is a secure alternative for them (safe and exclusives bike paths/ no shareable with others vehicles).	9/8/2025 9:04 PM
235	I believe ebikes and emotos should be legal, but there should be registration with a course for all of them. They should aldo not be allowed to go over 20 mph on sidewalks but if they want to go faster they have to go on roads,even if the bike can exude the speeds of 30 mph i think they still should be allowed but ONLY to go on roads with completing a course	9/8/2025 8:50 PM
236	No thank you	9/8/2025 8:49 PM
237	Yes. I believe there should be clearer regulations and better enforcement regarding motorized scooter use in pedestrian areas. In particular, speed limits and power restrictions should be introduced for sidewalk use, and more designated lanes or parking areas should be created to avoid clutter and accidents. Education campaigns could also help promote safe and respectful riding behavior in the community. However, under no circumstances should scooters be banned altogether — they are an important part of modern urban mobility and help reduce car traffic and congestion. The focus should be on safe integration, not elimination.	9/8/2025 6:22 PM
238	I believe that most to all of these ideas are valid but there should definitely be a minimum age as many little kids are on scooters acting reckless. This should include most of not all of the age of elementary schools, because as a student myself, I see elementary schoolers to early middle are the most likely to crash or to be reckless. I also also have a concern about pedestrians on the scooter/bike lane, some pedestrians choose to walk on the scooter lane of the sidewalk causing many cyclists or people who use scooters to transport to be forced to go on the street which can be extremely dangerous especially if this is a child. I believe there should be regulations to prevent this from happening as this has caused accidents and no one should get hurt for just trying to get from point a to b.	9/8/2025 6:18 PM
239	Tiene que estar prohibido los scooters motorized en las veredas donde caminan los pettiness. Van muy rapidos y no avisan y se llevan por delante a los peatones. Tienen que ir por la calle todos los scooter motorizados, ya que van a altas velocidades	9/8/2025 6:01 PM
240	I find them to be a hazard as a pedestrian or as a motorist or even using a scooter. They go to fast, they need actual limts on speed.	9/8/2025 5:38 PM
241	I do not have a problem with parents getting their young children to and from school, when they cannot afford a car.	9/8/2025 5:36 PM
242	Safety first. The owners of the scooters have no respect for pedestrians who are walking. Sometimes we have pkgs as well	9/8/2025 4:31 PM
243	The speed should be limited. Helmets should be mandated.	9/8/2025 2:11 PM
244	On sidewalks completely dangerous to pedestrians	9/8/2025 12:41 PM
245	I believe scooter use should be encouraged in Sunny Isles Beach because it reduces traffic	9/8/2025 12:26 PM

## Motorized Scooter Survey

congestion, eases parking issues, and provides residents with a faster, cleaner, and more convenient way to get around town. Scooters are especially valuable here given our limited parking and heavy traffic. The safest place for scooters is on the road, ideally in dedicated bike lanes or clearly marked shared lanes for bicycles and scooters. Sidewalk use should remain legal, just like it is for bicycles in Florida, but roads and lanes are safer and more predictable for both riders and drivers. I do not support requiring registration, licensing, or mandatory safety courses for scooters that operate under standard limits (similar to bicycles). These scooters should be treated the same as bicycles under Florida law. The City should also consider adding dedicated scooter and golf cart parking areas. This would help organize their use and encourage more residents to choose environmentally friendly, space-saving alternatives to cars. In short, scooters benefit the community by making local travel safer, faster, and less congested — and Sunny Isles should be a leader in supporting them.

246	Extremely Dangerous to walk the sidewalk with all the scooters	9/8/2025 12:04 PM
247	1. The children drive too fast, moving from sidewalk to street. It is dangerous for cars and pedestrians because they do not respect traffic signs. 2. If we implement requirements, there should be enforcement on the follow up to the regulations with citations, fines or what corresponds otherwise they will keep doing as now. 3. They should carry insurance in case they hurt a pedestrian. I am hearing impaired, and while walking as pedestrian, even if they ring the bell by my back, I cannot hear. Children do not care and had several times hit me. Because they ring a bell, it does not mean they have the right of way if I am walking. They have hit my dog too. If you complaint they put fingers or others not nice words. 4. I also would like they are restricted in Parks, as Winston Park, for example. I saw some elderly walking around the park, and these children going with motorized scooter at high speed. A regular bike is ok, but motorized scooters and other cars, should be banned. They catch a high speed and should go as traffic and follow traffic signals.	9/8/2025 8:52 AM
248	Fines should be issued when rules are not followed.	9/8/2025 6:58 AM
249	It should be penalties for people who is not fallowing the rules.	9/7/2025 9:38 PM
250	no	9/7/2025 6:53 PM
251	In my opinion, scooters may have speed and power restrictions for opportunity use sidewalks.	9/7/2025 5:37 PM
252	Any safety training should be free. The city needs to make more and better transit options and lanes for bikes and scooters.	9/7/2025 5:17 PM
253	safety training should be free and available to everyone via community spaces.	9/7/2025 5:10 PM
254	I wouldn't mind if they were banned altogether	9/7/2025 4:49 PM
255	No	9/7/2025 4:25 PM
256	No	9/7/2025 3:19 PM
257	Helmets should be required.	9/7/2025 1:53 PM
258	No	9/7/2025 1:43 PM
259	Scooters have made sidewalks in SIB very dangerous. You can get hit by one and get seriously hurt. Very dangerous.	9/7/2025 12:56 PM
260	I love you guys	9/7/2025 12:43 PM
261	No thank you	9/7/2025 12:35 PM
262	Thank you	9/7/2025 12:04 PM
263	Limite de velocidad; debe controlarse la velocidad y tanto por las autoridades como también con el apoyo de la misma comunidad, grabando y denunciando a los infractores, utilizando comparendos así como se hace con los vehículos.	9/7/2025 8:36 AM
264	Currently they are a serious hazard. They go too fast, speeding along on the sidewalks. They are generally quite silent. You can't hear them coming above the noise of the regular traffic. They've come so close to me, that if I had taken a step even 2 inches wider, I would have been hit. At 78 years old, I'm not always completely steady on my feet. I'm appalled that parents ride them with a small child on the scooter with them -- neither wearing a helmet, SPEEDING ALONG , sometimes in the traffic lanes.	9/7/2025 8:02 AM

## Motorized Scooter Survey

265	I'm concerned that if we create a bike lane on streets like Collins, it'd worsen the traffic conditions.	9/6/2025 4:38 PM
266	they are dangerous to automobiles	9/6/2025 3:52 PM
267	Please follow through with this.	9/6/2025 1:33 PM
268	No	9/6/2025 11:54 AM
269	Keep them off the road! Restrict use to people who are trained. Cite offenders.	9/5/2025 6:08 PM
270	Yes, there should be a maximum speed limit for the youth depending on the age for example children 10 and under 10 mph or less and the scooter they are driving should only have that maximum speed. I've seen kids that are not even teenagers yet driving scooters that reach 30+mph driving recklessly down our streets and sideways. That is the fault of the parents. I would agree with anyone not having a driver's license pass a safety course.	9/5/2025 2:16 PM
271	Make sure the operator of motorized scooter observes stop signs and stop lights just as cars and trucks so as not to hit pedestrians who are crossing the street.	9/5/2025 12:39 PM
272	Something needs to be done about safety. It's completely out of control right now.	9/5/2025 9:27 AM
273	Speed should be limited to 15mph	9/5/2025 9:27 AM
274	N/A	9/5/2025 9:09 AM
275	Multiple people on one scooter should be banned. There should also be a helmet law. Louder horns as well.	9/5/2025 7:42 AM
276	There are lots of kids driving crazy with 1-2 kids on same scooter crossing lanes and streets looking at their phones at the same time ...	9/5/2025 7:38 AM
277	1. There should be a punishment for impaired scooter drivers. For everyone who puts others in danger. 2. An adult who has a motorcycle endorsement can also drive his/her kid on the scooter while wearing all safety equipment	9/4/2025 10:51 PM
278	I saw kids under 8 years old riding scooters to school without adult supervision and driving fast, thinking this is danger for kids, also most of scooters driver don't respect the peatonal	9/4/2025 10:39 PM
279	mandatory use of helmets when riding	9/4/2025 9:13 PM
280	My biggest concern is that kids are allowed to ride them, especially when 2 of them ride it together	9/4/2025 6:49 PM
281	No	9/4/2025 6:04 PM
282	It a terrible situation they do not respect any regulation they go very fast some of them faster that the city limit. they go on our property all the time, if you walk on the walkway they pass you sometime less than a feet very fast, personnaly it is a desaster.	9/4/2025 4:04 PM
283	they need to wear a helmet too and what about those motorized bikes, we need to control those too they are just like motorcycles and little kids are driving them in the middle of the street	9/4/2025 2:16 PM
284	i totally against of banning scooters. City need to create safe environment for both pedestrians and riders, including scooter riders.	9/4/2025 11:45 AM
285	To get a Sunny Isles Beach scooter license, you will have to be at least 16 years old, complete a SIB Police Department Scotter Safety Riders Course, and then visit the SIB Police Department, providing proof of the course completion, and pay the required fees.	9/4/2025 11:04 AM
286	Creo que se debería regular la velocidad a la que pueden circular los patinetes. Pero también se que son muy útiles incluso para niños pequeños para ir y volver de la escuela (ya que las distancias pueden ser largas, tienen mochilas pesadas, clima caluroso y muchos padres no pueden ir a buscarlos). También restringir demasiado el uso de patinetes motorizados traería más inconvenientes en el tránsito, que el que estamos experimentando desde ya hace unos años. Tal vez alguna instrucción sobre el uso de patinetes y reglas viales sería bueno hasta para niños pequeños, no algo complejo sino que ayude a concientizar la importancia de conducir con precaución.	9/4/2025 10:51 AM
287	multiple people on the same scooter should be banned, 1 person per scooter no mommys	9/4/2025 10:36 AM

## Motorized Scooter Survey

	riding with her kid on the same scooter or friends or couple...	
288	need to where reflective vest /scooters need safety lights and adhere to proper driving road rules.	9/4/2025 10:19 AM
289	All riders should complete a safe riding course prior to registering a motorized scooter within city limits.	9/4/2025 10:00 AM
290	Yes . I am in favor of banning scooters from our city . Specially after key biscayne accident I have not ride my scooter anymore .	9/4/2025 8:34 AM
291	The problem is the speed. When there are pedestrians I get down from the scooter and walk for some distance	9/4/2025 8:09 AM
292	Should have nighttime safety requirements (ie lights, reflective gear), speed limits and multiple rider limits.	9/4/2025 7:26 AM
293	Two of my friends got hit by the motorized scooter drivers, one was the kid around 10 years old and another was a teenager. Terrible!	9/4/2025 7:17 AM
294	scooters are fantastic, clean, and inexpensive means of transportation for a whole group of people, from young persons that can't drive cars to adults commuting to work inexpensively. Regulating and bureaucratizing the use of these will create more problems than solutions specially on the most needed portion of the community.	9/3/2025 11:23 PM
295	Electric scooters and similar vehicles other than mechanical bikes, or other transport that is the traffic code, has to be treated ask skates. Skates etc are not allowed anywhere except for dedicated parks and recreation facilities. As they re dangerous for the user and for surrounds.	9/3/2025 9:19 PM
296	Never pedestrian and any kind of motorized vehicle should be allowed on the same lane or sidewalk. Never !	9/3/2025 9:19 PM
297	There exist a minority of scooter users who do not follow common bike rules that should be fined. Adults and children	9/3/2025 8:39 PM
298	Unless scooters are constantly stopped and checked using a bike lane will not help . I think scooters should be banned completely. I have been hit by a scooter and have almost hit a scooter passing by on my right as I was making a right hand turn . Children are not mature enough to be careful when driving a scooter . I don't think we have enough resources or personnel to effectively monitor some of the suggestions made earlier in the survey.	9/3/2025 8:25 PM
299	I use to own a scooter bu I sold it after a car hit me in my neighborhood. Nowadays scooter riders are increasing and they ride in the sidewalk and they don't reduce the speed when someone walk in the same tiny sidewalk	9/3/2025 8:22 PM
300	Ban them Setting age limits is useless	9/3/2025 8:15 PM
301	The owner is responsible for their ability to maneuver a scooter. Parents are responsible for their children's ability to ride on a scooter.	9/3/2025 8:02 PM
302	They should have an Insursnce in case any accident happen	9/3/2025 7:41 PM
303	Many children use it and they do not take precautions when cars leaving from buildings.	9/3/2025 7:33 PM
304	N/A	9/3/2025 7:29 PM
305	I think that it is necessary to conduct lectures on the safe driving of scooters in school. Most of all, teenagers and high school students do not follow the rules of the road and move randomly, endangering themselves and others. Parents with children and elementary school students behave much more carefully.	9/3/2025 7:29 PM
306	Only one rider per scooter; there should also be a speed limit.	9/3/2025 7:27 PM
307	anyone who is riding a scooter should have a driver's license, not only an ID and there should be regulations. People ride them at night with no lighting. They go on sidewalks. If scooters will continue to be allowed, rules and regulations need to be implemented	9/3/2025 7:25 PM
308	No double riding. One rider per scooter	9/3/2025 7:19 PM
309	If you continue to allow them on the sidewalk, there should be some sound, maybe a bell, to	9/3/2025 7:18 PM

## Motorized Scooter Survey

	tell the pedestrians. In that way the walkers will not move in front of the scooters. and get hurt.	
310	They should abide by all traffic laws; especially not riding against the traffic road arrows, pedestrian crossings and more. They also should have a bell to alert pedestrians, etc.	9/3/2025 7:17 PM
311	My kids use scooter to commute to school and also to jiu jitsu classes in north Miami. Scooter is how they commute. I would suggest the use of helmet for all ages and safety courses.	9/3/2025 6:24 PM
312	I suggest a maximum speed for kids, no 2 kids/teens in the same scooter	9/3/2025 4:02 PM
313	I think the kids my age and above should be able to use a motorized scooter, since Sunny Isles Beach is a small city, kids should be able to use it. But of course, there should be some kind of ID that you must have to use them. Without the motorized scooter, my daily life would be way more complicated.	9/3/2025 2:34 PM
314	No	9/3/2025 2:10 PM
315	Let people have their fun and no harm is getting done with scooters	9/3/2025 2:01 PM
316	i dont like	9/3/2025 1:58 PM
317	I am for banning motorized scooters in Sunny Isles Beach	9/3/2025 1:36 PM
318	Children should not used a scooter	9/3/2025 9:12 AM
319	Please do not ban motorized scooters!	9/2/2025 10:13 AM
320	I would suggest ticketed fines and restrictions on driving privileges for future drivers license privileges for kids under 18.	9/1/2025 11:08 AM
321	To post a sign in residential communities “ Reducing the speed for motorized scooters users”	8/31/2025 9:15 PM
322	None	8/31/2025 8:36 PM
323	The riders are rude while passing never a warning always disrespectful.	8/31/2025 1:41 PM
324	Be treat as a motor vehicle, with safety, rules, laws, and penalties.	8/31/2025 1:37 PM
325	They are dangerous to pedestrians and the riders.	8/31/2025 8:34 AM
326	Our sidewalks are very narrow. Bike riders, whether fully manual or motorized, rarely warn walkers when they are coming from behind. Many SIB walkers are elderly and cannot hear bikes approaching and cannot quickly move out of the way even if they do hear bikers. You should include motorized scooters in this. They have become a real nuisance.	8/30/2025 10:32 PM
327	I am concerned that there are motorized scooters operating at unreasonably high speeds on the sidewalks every day especially near North Bay Rd. Adult riders tend to operate at safe speeds or slow when they observe people but school age children drive at max speed and weave through pedestrian traffic in order to pass leg powered bicycles. I frequently see multiple children on one bike, with one being seated on the deck of the board and holding the stem or standing behind the operator. I rarely observe helmets and have never seen a helmet on a secondary passenger. I believe high speed motor vehicles should not operated be on the sidewalk.	8/29/2025 7:00 PM
328	Yes. I think it's dangerous when users especially young kids r driving them on the narrow sidewalks with a speed	8/29/2025 9:48 AM
329	Kids and teens ride very irresponsibly. They carry 1 or 2 friends with them on one scooter and speed.	8/29/2025 1:32 AM
330	Motorized scooters should be banned. completely . It is a hazard to everyone involved . The. scooter drivers do. whatever they want. It. is a free for all.-No rules ,No regulations .It is chaos.	8/28/2025 11:48 PM
331	Cancel all scooters, it's killed 6 people in Miami dade county	8/28/2025 2:56 PM
332	NA	8/28/2025 2:11 PM
333	Please do not ban scooters, make clear cut bicycle lane instead. Banning scooters will cause more traffic	8/28/2025 10:44 AM
334	Scooters drivers don't care, they think they are cars. Scooters are not bikes, not motorcycles,	8/28/2025 10:38 AM

## Motorized Scooter Survey

are not good for big streets, highways and avenues. Inside a neighborhood is ok but with care and not fast

335	I would be more concern about speeding cars with no mufflers. They wake up the whole neighborhood at night. My condo faces 172nd street. Please consider a regulation to minimize this lawlessness.	8/28/2025 8:22 AM
336	Young kids and teens need instruction and follow and understand right of way for pedestrians	8/27/2025 5:12 PM
337	The speed has to be very slow, because even the motorized scooter and electric bikes , on the bridge at North Bay Road , the speed like a crazy ( too faster ) and one day one those students almost hit me. Include adults with electric bikes and scooters, some has two students at same scooters and no helmets.	8/27/2025 2:06 PM
338	USE ONLY ONE PERSON DRIVER	8/27/2025 1:16 PM
339	No	8/27/2025 1:14 PM
340	When you use phrase motorized scooters there are basic two types electric or gas. Due to fume and noise control gas fed motorized scooters should stay on bike paths and streets.	8/27/2025 10:50 AM
341	There are many different styles and types of electric scooters and electric dirt bikes around the city, not following any traffic rules, and riding on the sidewalks.	8/27/2025 10:20 AM
342	Very dangerous - please ban them	8/26/2025 8:34 PM
343	E-bikes should be banned	8/26/2025 6:26 PM
344	Scooters should be limited to one rider, anything else is very dangerous. I have witnessed adult riders with two children aboard and that should not be allowed.	8/26/2025 5:58 PM
345	I am really happy that you reached out to the community. I am not opposed to scooter ridership and actually wish I had a scooter, but there are plenty of kids and adults riding recklessly across Sunny Isles Beach endangering themselves and others. People simply need to understand that scooters need to be driven responsibly according to the laws of the street just like any other bicycle, motorcycle or automobile.	8/26/2025 12:11 PM
346	None	8/26/2025 11:39 AM
347	scooters and bikes on sidewalks are a real danger especially to older pedestrians and also to tourists who routinely are surprised by the fact that they are allowed on such narrow sidewalks.	8/26/2025 8:55 AM
348	The city allowed over development and never addressed the infrastructure to accommodate that development. Traffic gets out of control. People wanna use alternative means besides sitting in traffic all day. Long past time the city get much needed infrastructure upgrades to accommodate the growing city.	8/25/2025 7:12 PM
349	When there's no accountability, it just breeds arrogance and a 'I don't care' attitude. That's exactly what I'm seeing. Their parents don't seem to care either. Back in NYC, they handled this differently—a cop would've confiscated the scooter immediately. Here, the officer didn't even bother."	8/25/2025 5:18 PM
350	Educate cars to respect scooters and bikes	8/25/2025 4:34 PM
351	They are so dangerous, I'd like to see a ban. But if that's not doable, at least take every possible step to make it safer. Thank you.	8/25/2025 3:54 PM
352	they should stop driving once are one block from school during the weekdays	8/25/2025 3:07 PM
353	There is a lot of traffic in the city and the city is overcrowded. scooters help alleviate the burden that the cars create. However, the city needs to create better infrastructure for bikes, scooters and other means of transportation to separate them from both pedestrians and cars.	8/25/2025 1:02 PM
354	Yes. There are a lot of residents, especially elder, who don't recognize sidewalk lane markings, and walk in large groups, blocking the whole way. They always get angry at safe riders, often times block the path on purpose and won't move. I've seen kids get yelled at. Education and enforcement has to be on both ends.	8/25/2025 11:33 AM
355	no	8/25/2025 11:01 AM
356	They go too fast. The drivers are often seen paying more attention to their cell phones rather	8/25/2025 10:51 AM

## Motorized Scooter Survey

than the road. There are often two passengers on one scooter. Young and very young riders know nothing about safety rules posing a risk to themselves and other people as well.

357	In my opinion, the biggest problem is the teenagers riding those electric bikes that look like motorcycles. They reach higher speeds than electric scooters, consequently posing greater risks to pedestrians. In addition, many of them ride these bikes irresponsibly, even doing wheelies.	8/25/2025 9:32 AM
358	RESTRICTIONS LAWS.	8/25/2025 9:04 AM
359	A scooter as a motorized vehicle needs to be treated as a car or a motorcycle. And the city needs to ensure safety of pedestrians.	8/25/2025 4:46 AM
360	Scooters have different speed. Probably giant scooters with 25+miles I would ban to ride on pedestrian area. Please create proper bike lanes before banning anything. And make more public transport options The path for bikes and scooters should be colored, so it will be more visible for not attentive drivers.	8/25/2025 3:32 AM
361	scooter is evil on the road! often not only children but also adults create emergency situations on the road and sidewalk! they should be banned in our city!	8/25/2025 2:18 AM
362	Please ban them from our sidewalks and enforce this. Same for bike riders. Ideally, we need a separate bike lane but definitely enforce strict fines for riding on the sidewalk, there is little to no regard for pedestrians. Very unsafe and they travel on red light too	8/24/2025 10:20 PM
363	It's extremely dangerous and it should be banned. I can't even walk on the sidewalk with my headphones on because if I take one step to the side while I'm distracted listening to music and enjoying the view I get ran over by a kid on a scooter. Sidewalks are supposed to be safe, but instead we are quite literally fearing for our lives because one accident can easily cause life threatening injuries and concussions. We can no longer enjoy living in a walkable city because it feels like we are walking in the middle of the road having to be constantly scared and attentive to people speeding on those scooters.	8/24/2025 10:18 PM
364	Yes, I do have concerns about motorized scooters. in the past school year I saw minimum 5 injured pedestrians by scooters.	8/24/2025 9:40 PM
365	My only concern is about where kids and general people are riding in high speed and demanding pedestrian to open space... need to have a speed limit near walkside or cross walking and forbid mainly in mall's walksides. Not only motorized but non motorized as well.	8/24/2025 9:34 PM
366	They are a Public Safety issue ! BAN them in SIB! Any one with any brains can recognize the danger...some can go 45 mph !!	8/24/2025 9:16 PM
367	Regulate, but don't ban sidewalk use. Sidewalks are generally safer than bike lanes. You see that everyday on Collins	8/24/2025 9:15 PM
368	I walk on Collins Ave regular.y and have almost been thrown down. The riders even on the road need a horn or a bell to warn people.	8/24/2025 9:12 PM
369	Get them OUT	8/24/2025 9:05 PM
370	To dangerous for everyone.	8/24/2025 3:55 PM
371	Motorize scooters presen danger to pedestrians and car drivers alike specially when operated by young children	8/24/2025 2:52 PM
372	Majority of kids speeding, using sidewalks! You can't safely walk with the kids and there is no liability for heaters! Most of violators from 8-18	8/24/2025 2:43 PM
373	It became impossible to safely walk down Collins Avenue. A teenager almost hit my son while we were waking. Many riders "fly" on the sidewalks. Walking became not just dangerous but immensely stressful because of the necessity of being "on guard" for these vehicles. Please consider banning them for the safety of our city, following the precedent of other cities. Thank you for this survey!	8/24/2025 1:49 PM
374	They are a hazard to pedestrians trying to enjoy a leisurely walk .	8/24/2025 12:38 PM
375	The speed of these scooters? Most scooters are traveling at a faster mph than the cars on the street. Something is very wrong with that. Rules are regulations must be educated and	8/24/2025 11:29 AM

## Motorized Scooter Survey

adhered. Most scooter riders have a complete disregard for rules because they are not held accountable.

376	They need to get off the sidewalks asap.... People walking are getting hit	8/24/2025 8:03 AM
377	Lots of the kids are too young and don't respect the pedestrians and off the sidewalks	8/24/2025 8:03 AM
378	Yes	8/24/2025 12:54 AM
379	Im an elderly person and I stop walking because the sidewalk are not safe anymore since people and kids are driving scooters around the city , the sidewalk are wide enough to divide and nobody respects the divisional	8/23/2025 9:37 PM
380	Although it is prohibited to ride more than one person on a scooter, many people are ignoring this law.	8/23/2025 9:28 PM
381	It is motorized. You need a drivers license to operate a motorized vehicle. It should be the same with scooters	8/23/2025 7:53 PM
382	Fines for speeders and breaking signs laws regardless of age	8/23/2025 6:18 PM
383	Please, promote children to walk to school, using sidewalk.	8/23/2025 5:56 PM
384	Definitely something needs to be done because the scooters go very fast and it's dangerous for everyone on the road. Also besides helmets it should be Prohibited that small children ride with an other person. Should Only be one person on the scooter with a helmet and registration.	8/23/2025 5:31 PM
385	Motorized scooters, as well as bikes, must stop before crossing the crosswalk. They jumping from pedestrian bridge (where car drivers cannot see them) to the crosswalk without stopping at 30 mph speed. It makes me, as a car driver, feel very unsafe for them and for myself. Motorized scooters must be prohibited for use by children. I have seen children as young as 7 or 8 y.o driving on Collins Avenue on the rode with cars.	8/23/2025 4:21 PM
386	I am not safe when walking on the sidewalk in Sunny Isles. Adults, children with Scooters never yield on pedestrian. At Collin's Ave. I have to walk moving from right to left not to be hit by scooter.	8/23/2025 4:19 PM
387	Yes need the roads fixed from pot holes and make them smooth, make space for scooters to avoid speed bumps.	8/23/2025 3:11 PM
388	Scooters need to have other line of pedestrians	8/23/2025 2:20 PM
389	A required safety course along with a minimum age requirement to operate a scooter on the sidewalk or street would help insure the minimum knowledge of safety, responsibility, and sharing the road. In nearly every city, scooter operators actually ride distracted by their phones and with little concern for traffic rules or safety.	8/23/2025 1:29 PM
390	Police has to be more though in those crazy kids	8/23/2025 12:53 PM
391	Not on main streets	8/23/2025 12:05 PM
392	They do not stop at stop signs! Ride straight through sometimes not even checking both ways for cars . As a motorized vehicle they should be required to follow the road code and face the same penalties as cars and motorcycles for any violations.	8/23/2025 12:01 PM
393	Scooter riders should be required to follow ALL traffic rules (stop signs, lights, etc).	8/23/2025 11:15 AM
394	Hitting people	8/23/2025 11:06 AM
395	Limit their speed and absolutely ban from sidewalks!	8/23/2025 11:05 AM
396	I believe that this will be fixed with modernize the infrastructure as is done in Europe and use the law to be respected.	8/23/2025 9:02 AM
397	They need to abide by the traffic laws	8/23/2025 8:07 AM
398	No	8/23/2025 7:18 AM
399	The parents must be educated as well as the children. The parents have to be responsible for their children. As I have said before children should ride (non motorized) bicycles to get exercise.	8/23/2025 12:16 AM

## Motorized Scooter Survey

400	must be 1 person per scooter	8/22/2025 11:20 PM
401	As expressed	8/22/2025 8:59 PM
402	Sidewalk use is not safe for anyone.	8/22/2025 8:39 PM
403	Get the scooters off the sidewalks on Collins! And bicycles too.	8/22/2025 8:15 PM
404	Recently i seen students coming out of school and they are not only riding scooters but only real size electrix motorcycles at high speeds on and off sidewalks, which this makes it very highly dangerous especially by where the church and the building next to it is. There is alot of elderly pedestrians that walk on this sidewalks. I also seen police activity but the sidewalks are dangerous. Also seen 2-3 children riding on one single scooter making this dangerous for pedestrians and the ones riding it. Please fix this issue.	8/22/2025 7:48 PM
405	With or without additional or changes to the current rules or city ordinances, SIB needs a visable police presence on Collins ave. Police officers on scooters or bikes.	8/22/2025 7:41 PM
406	Sidewalks are unsafe for walking. See adults riding with children - this is truly unsafe and unacceptable. Have witnessed two accidents wit car signaling and turning only to have scooter come up speeding on sidewalk and rider getting hit - shouldn't be allowed on sidewalks.	8/22/2025 7:31 PM
407	No more than 1 person on moving scooter	8/22/2025 7:30 PM
408	The registration of scoters should indicate all family members, when violations is made the scooter's registration should pay a big fee. By violation I mean no appropriate driving of the scooter .	8/22/2025 7:17 PM
409	We need more	8/22/2025 6:56 PM
410	Police should be more aware of scooters and the hazard for pedestrian and cars,	8/22/2025 6:56 PM
411	Yes, 12-14 yo that are thinking that they have unlimited lives. The worst part is that one wreck less teenager can ruin someone's life.	8/22/2025 6:56 PM
412	Scooters have the same characteristics like lite motorcycles and supposed to be treated same way	8/22/2025 6:45 PM
413	my family is for all limitations possible.THIS IS A SCARY SOS situation.Our life quality is very downgraded with the scooter situation. 12,13,14 year olds are riding them at 10o clock in the evening.Scooter IN THEIR hands becomes a weapon.They ride on absolutely crazy speeds inches from pedestrians.Please please please make SIB great again. take care of the situation and make our life quality enjoyable as its use to be before.So we can walk and not be afraid to be injured or even killed!!! Thank you in advace!	8/22/2025 6:35 PM
414	No running very fast where siniors and child there are moments are irresponsable and running very fast	8/22/2025 6:04 PM
415	I am concerned about speeding, that pedestrians or small children are not respected. I ride a scooter but pedestrians have priority on the sidewalks and I respect them a lot.	8/22/2025 5:28 PM
416	More designated lanes or parking zones for scooters would reduce clutter and improve safety. Also, clearer rules and better enforcement for speed and helmet use would help.	8/22/2025 5:27 PM
417	As a car driver we are liable when these kids are riding those scooters on the street the way they do it.	8/22/2025 5:14 PM
418	Scooter lane and mandatory helmet and not allowed 2 kids on one scooter. No helmet gives them a ticket. One another day it almost hit me.	8/22/2025 5:08 PM
419	I believe scooters to be an efficient and clean way to go but users have to be respectful of pedestrians and cyclist	8/22/2025 5:05 PM
420	Today the way and the speed of the scooter and bikes using the sidewalk create a hazard condition for pedestrians	8/22/2025 4:52 PM
421	Speed limit	8/22/2025 4:44 PM
422	Please get these electric school and bikes out of the sidewalks! It's super dangerous for pedestrians!	8/22/2025 4:42 PM
423	None	8/22/2025 4:04 PM

## Motorized Scooter Survey

424	Scooters should not be on the pedestrian sidewalks. Also scooters should not be operated by children under 15. Both scenarios pose a great risk to public safety and the safety of our children.	8/22/2025 4:03 PM
425	People also ride their bike on the sidewalk, most of them don't even bother to slow down. Both of them should ride on the street and must require a helmet	8/22/2025 4:01 PM
426	kids headed to Sunny Isles Edelpcup school have presented danger to me in the past. I have concerns about my safety.	8/22/2025 3:39 PM
427	I recently saw children riding motorized scooters to school alone. I don't believe this should be allowed — it poses serious safety risks. Allowing young kids to use motorized scooters without supervision is irresponsible and raises concerns about parental oversight and public safety	8/22/2025 2:51 PM
428	Yes, I think scooter has became very dangerous in Sunny Isles specifically for the older folks, especially kids don't have any respect or manners when they drive those scooters towards the old folks, scooters should not be allowed in this small island is danger for families with their babies, and older people this is a vacation island what happened to walking?	8/22/2025 2:50 PM
429	Speed is the number one issue, they need to slow down considerably when there are pedestrians on the sidewalk and they need to have a way to audibly announce that they are approaching.	8/22/2025 2:37 PM
430	The issue is not scooters per sé, but them (and bicycles) using sidewalks while moving at high speed.	8/22/2025 2:36 PM
431	SHOULD BE FREE TO USE FOR ANYONE. TOO MANY CARS TOO MUCH CONGESTIONS. NOT EVERYBODY HAS OR WANTS A CAR.	8/22/2025 2:34 PM
432	I wish there were no scooters at all on the territory, sunny isles beach. It would be safer and the children would be healthier.	8/22/2025 2:34 PM
433	Need to keep these things safe! AND have the operator use horns or bells!!	8/22/2025 2:27 PM
434	they are to dangers. They don't respect rules and regulation. Sidewalk are already to narrow for pedestrians and what make worst is to many cars and only one road. In these past few years Sunny Island beach became over crowd.	8/22/2025 2:23 PM
435	Unresponsible riders have transformed scooters into a nuisance for both pedestrians and automobiles. Furthermore, I firmly believe that two individuals should not be permitted to ride on a standing scooter, as it poses significant risks to both the riders and pedestrians. Regrettably, many individuals lack common sense in this matter.	8/22/2025 2:20 PM
436	They should have some kind of audible alarm horns or the like as well as lights after sunset or cloudy days.	8/22/2025 2:08 PM
437	If teenagers have a motorized scooter, parents need to take safety course also and be responsible for their children financially (paying an appropriate fee)	8/22/2025 2:06 PM
438	Review the city's layout. Open access to plazas, not bypasses. And draw the police's attention not to respectable adults, but to teenagers who clearly violate the rules when they stand on the back wheel of scooters and bicycles, do tricks, cling to each other.	8/22/2025 2:04 PM
439	I seen many accidents because of the electric scooters. Some teenagers use the scooter in a really unsafe way.	8/22/2025 1:53 PM
440	Parents of minors riding scooters, should be held accountable, of any legal demand	8/22/2025 1:45 PM
441	Keep them completely off sidewalks or be ticketed	8/22/2025 1:43 PM
442	I use the sidewalks with a stroller and motorized scooters both operated by children and adults are speeding and being so disrespectful with pedestrians, babies and elderly that have difficulty in walking. At one point a motorized scooter driver yelled at me and my husband pushing our baby in a stroller to move out of the way! This a safety concern because our community have many young kids and babies using the sidewalks. I understand traffic in Sunny Isles can be dangerous for them to ride on the streets. However, they should have their designated lane with rails so they would feel safe and leave the sidewalks for walking pedestrians only.	8/22/2025 1:43 PM

## Motorized Scooter Survey

443	There are also motorized bicycles. These are accidents waiting to happen, as they intermingle with traffic. I think they should be banned altogether or death by accident will inevitably result. In addition, they pose a serious hazard to persons and pets walking on sidewalks. Just because they do not have gas engines, at the high speed that they can function, they are too dangerous for children to be left to this type of responsibility.	8/22/2025 1:41 PM
444	I think a course is absolutely necessary requirement to use a motorized scooter.	8/22/2025 1:40 PM
445	no	8/22/2025 1:36 PM
446	Motorized scooters should only be on sidewalks. And a top speed of 15mph. Safety course should be required. Horn and head/tail lights should be a requirement.	8/22/2025 1:35 PM
447	Scooter speeding!! Scooter and bicycle have to follow Driving rules! Lights, speed, cross intersections	8/22/2025 1:32 PM
448	Require them to use a bike lane, and obey all traffic rules. (Stop at stop signs and red lights.)	8/22/2025 1:27 PM
449	I constantly see how children go very quickly on scooters along the bridge near Porto Belladgio, I can't move safely on it, fearing for my young children who children on scooters can demolish because they violate a higher regime, especially after 6 p m in the evening	8/22/2025 1:25 PM
450	Motorized scooters are very disruptive on sidewalks. One of the great things about Sunny Isles is that it is a rare walkable city. Walking has health benefits, while scooters do not. Letting people on scooters run pedestrians off the sidewalks is sad.	8/22/2025 1:18 PM
451	Control speed	8/22/2025 1:16 PM
452	I suggest just slowing down	8/22/2025 1:13 PM
453	Policing scooters would be useful	8/22/2025 1:11 PM
454	I see parents every morning with the kids in front know how much flying on the side 30 miles an hour the school's crazy	8/22/2025 1:08 PM
455	a friend got run over by a scooter	8/22/2025 1:04 PM
456	If kids without drivers license use these dangerous and fast vehicles, they should have a safety course for sure	8/22/2025 1:03 PM
457	Please protect the pedestrians from the bikers as well.	8/22/2025 12:57 PM
458	Anyone on n bay road from 8-8:30 and 3-3:30 should plan their walks outside of those hours or areas if they are not escorting a child to or from school.	8/22/2025 12:54 PM
459	I prefer ban on scooters in our city	8/22/2025 12:53 PM
460	Should be banned	8/22/2025 12:52 PM
461	Motorized scooters operating on a bike lane that is still on the main street is very dangerous. Scooter operators do not know how to keep themselves safe and often ride in the blind spots.	8/22/2025 12:52 PM
462	The problem isn't scooters or e-bikes — the problem is people's behavior. Banning scooters won't solve anything, because there's also a lack of respect in traffic, with people walking their dogs, and even among pedestrians themselves. Those who break the rules or ride recklessly above the speed limit should face consequences, but banning them for everyone, including those who use them responsibly, is unfair.	8/22/2025 12:51 PM
463	Scootering across traffic lanes, very fast on sidewalks, condominium parking areas, having no more than one passenger.	8/22/2025 12:50 PM
464	Ideally, the city should have dedicated bike lanes which scooters can share. The electric scooters are great for mobility, but when not used correctly they become a danger. I am the father of two young girls and I get anxiety when pushing one of the kids in a stroller and having the other on her bike. The danger of someone being hurt by a speeding scooter while on a sidewalk is too real.	8/22/2025 12:48 PM
465	Kids are out of control. They ride their scooters on the street and sidewalk without regard or respect. Police officers do nothing even when kids don't respect regulations right in front of them. People can't freely walk in our city because it's become risky.	8/22/2025 12:48 PM
466	I have many concerns about scooter on the sidewalk. Many times, I had to step out on the	8/22/2025 12:48 PM

## Motorized Scooter Survey

grass, to avoid scooters and bikes.

467	Motorized scooters are a significant danger to pedestrians. They often travel at high speeds on sidewalks, showing disregard for safety regulations and endangering senior citizens and other pedestrians. Placing traffic cameras at key intersections, especially at Collins Avenue and 174th Street, could help enforce speed limits and other traffic regulations for both scooters and cars. Additionally, public education campaigns for both students and parents on responsible riding and pedestrian safety are crucial. If these measures prove ineffective, a ban on these vehicles could be considered to ensure public safety.	8/22/2025 12:46 PM
468	Yes, I am 79 years old and was badly hurt by scooter and now I am scared to go out even to walk my dog	8/22/2025 12:44 PM
469	They should be more responsible and not ride like crazy. Also not to have more than one.	8/22/2025 12:42 PM
470	The majority of motorized scooters and bike riders in Sunny Isles are minors. There should be Rules in place to prevent collisions with pedestrians or vehicles and traffic, in the already congested roads of Sunny Isles Beach. Suggested enforcements and frameworks that promote safety: - Licensing required for fast models. - Speed limits. - Helmets required under 18; lights and reflectors for night - Yield to pedestrians at all times. - Clear signage for scooter zones, bike lanes, and no-ride areas. - No intoxication, no texting, follow traffic laws and signage. - No passengers unless the device is designed for multiple riders. - Fines, suspensions, and liability rules for injuries or violations. - Awareness campaigns or school programs on safe riding and traffic rules. - Device and battery standards.	8/22/2025 12:42 PM
471	My old mom and child feel unsafe to walk street in sunny isles because street are narrow and lots of bikes and scooters	8/22/2025 12:41 PM
472	My concern is when they move almost the same speed as cars without stopping for red lights or stop signs they must obey some rules and face citations if break them	8/22/2025 12:40 PM
473	They are dangerously used by underage scooter riders	8/22/2025 12:39 PM
474	parents should be responsible for children up to 16 years old	8/22/2025 12:39 PM
475	respect scooter lanes on sidewalks to better control accidents with pedestrians	8/22/2025 12:35 PM
476	I have just purchased a new scooter for my daughter so that she can get to school. This is the only available and most suitable option for us, since I do not have a car. Using the scooter means my daughter will not be forced to stand for a long time at the bus stop in the extreme heat, waiting for city buses, which could seriously affect her health during the midday sun. If scooters are banned, the school must provide a school bus that will pick up children and bring them back home, as it is arranged in other states and cities across America. I am strongly against banning scooters, especially in such a hot climate!	8/22/2025 12:34 PM
477	The issues with the scooters are the kids driving them at max speeds. Scooters are a great way to get around but unfortunately kids are given scooters that are fast like cars. They don't have a license or drive so naturally they don't understand (or don't care to) . They don't look around them before turning, they don't stop at signs / intersections. After school, kids are always getting to accidents with each other because they try to weave their ways through people or go into each other. I have personally almost hit 2 kids because they come flying from the pedestrian bridge crossing the road in N bay road. In this same location, a kid hit a man on the bike and took off. They have no spatial awareness. I think just having a max speed limit for kids to ride and if they don't, have their scooters confiscated for the parents to pick up and pay a fine.	8/22/2025 12:34 PM
478	Crime My daughter scoiter with SIB 1003 was stolen in daylight in front of publix camera	8/22/2025 12:30 PM
479	To improve safety for youth riders, reduce unsafe speeding, support law enforcement, and promote responsible e-bike/scooter use in Sunny Isles Beach and similar small communities. - -- 1. Rider Classification & Helmet Rules Class 1 (Pedal-Assist, ≤20 mph) – Allowed on sidewalks, multi-use paths, bike lanes, and roads. Helmet required if under 18. Class 2 (Throttle, ≤20 mph) – Allowed in bike lanes and roads only. Helmet required if under 18. Class 3 (Pedal-Assist, ≤28 mph) – Allowed in bike lanes and roads only. Helmet required if under 18. High-Speed (>28 mph) – Reclassified as mopeds; registration, plates, insurance, and helmet required for all ages. --- 2. Registration & Identification Mandatory Registration for all riders under 18 operating e-bikes, scooters, or motorized bicycles. Voluntary Registration Encouraged for all adult residents. Upon registration, riders receive a special sticker, reflective	8/22/2025 12:29 PM

## Motorized Scooter Survey

tag, or tassel to be displayed on the bike/scooter seat post for easy identification by code enforcement. Registration database assists police/code officers with lost/stolen property recovery and enforcement. --- 3. Infrastructure & Local Rules Expand and improve bike lanes and shared-use paths to encourage safe riding off major vehicle corridors. Explicitly prohibit speeding on A1A (Collins Ave / Sunny Isles Beach) with targeted enforcement — small-town streets are not suitable for racing-style riding. Add clear signage for where each e-bike class may operate (sidewalks, bike lanes, roads). --- 4. Enforcement Benefits Bright-line rules for police/code enforcement to distinguish bicycles, e-bikes, scooters, and mopeds. Visible identifiers (sticker/tassel) make it easy to see if a vehicle is registered, especially for under-18 riders. Community safety is prioritized by discouraging unregulated high-speed use in dense areas. ---  Summary: This framework keeps Sunny Isles Beach safe and family-friendly by ensuring: Youth riders are registered and easily identifiable. Helmets are mandatory under 18. Residents are encouraged to voluntarily register their bikes/scooters. Infrastructure improvements reduce conflicts between cars, bikes, and pedestrians. High-speed riding is controlled and kept off small-town streets like A1A. Also Hire me as senior IT analyst! I want to work for my City!

480	There is the possibility of fires from the lithium batteries. Do not permit charging inside condominiums unless there is a designated location outside for charging.	8/22/2025 12:26 PM
481	Teenagers on e-bikes in Golden Shores are popping wheelies riding on the back tire when no police presence.	8/22/2025 12:26 PM
482	Majority of motorized scooters are not street legal (top speed 15 mph) as well as the teens riding them (underage for driving permit). So they need to stay off the streets and on dedicated sidewalk lanes. Speed limits should be enforced, as well as any other necessary regulations. Just like operating a jetski, a class should be taken and the age should be 14 for a motorized scooter.	8/22/2025 12:25 PM
483	They must respect stop signs as this would be safe for them and others. They should be more mindful about speed and behave as pedestrians, such as being in the lookout for cars, etc. Wearing a helmet should be mandatory. The scooters should be treated and have rules as a normal vehicle	8/22/2025 12:17 PM
484	They pose many risks. They don't even obey the red lights. They should be banned from the streets in my opinion.	8/22/2025 12:16 PM
485	At the age limit is 15, then I believe a restricted drivers license should be required to drive a motorized scooter. Motorized scooters should also have to obey the traffic laws. They often run red lights and dart in front of cars. This has happened to me several times pulling off of Atlantic Island. They are too fast to be allowed to run on sidewalks. I've seen them dark between pedestrians and they are not as maneuverable as one might think when they're going fast down a sidewalk and they have to dodge pedestrians. I don't think it's worth banning them because they are an inexpensive form of transportation. But they clearly need to be regulated in various forms. Thank you for taking the subject on!	8/22/2025 12:16 PM
486	They go on the walking areas speeding around little kids. Very concerning.	8/22/2025 12:15 PM
487	A Safety Course requirement as a promise to follow law and regulations and civic responsibility could create a Safety system balance	8/22/2025 12:14 PM
488	Elderly friend of mine got run over on sidewalk and almost killed	8/22/2025 12:10 PM
489	Careless with pedestrians	8/22/2025 12:10 PM
490	No	8/22/2025 12:07 PM
491	they should never be allowed to drive on the street. Causes accidents all the time	8/22/2025 11:15 AM
492	A suggestion I have is Clear regulations: Speed limits, no-scooter zones (e.g., playgrounds, crowded pedestrian areas).	8/22/2025 9:31 AM
493	Motorized scooters, non-motorized scooters and bicycles are a solution for the community. They help big time to reduce traffic in the city during pick hours specially at school hours.	8/22/2025 9:19 AM
494	My children have been injured multiple times due to scooters on sidewalks. One time required crutches for 6 week. PLEASE do something about this incredibly dangerous situation for our children and our seniors.	8/22/2025 8:37 AM

## Motorized Scooter Survey

495	Setting a minimum age for scooter riding, educating riders, and building more bike lanes would be very helpful.	8/22/2025 8:03 AM
496	Motorized scooter should be band in SIB	8/21/2025 11:03 PM
497	Very concern about motorized scooter users cross by streets without care , risking their lives and others	8/21/2025 10:54 PM
498	Dedicated bike lanes should be the answer. Less regulation is always better to many restrictions creates a focus on the wrong think like crime homeless inthe city	8/21/2025 9:35 PM
499	I think this survey is brilliant! Well done SIB!	8/21/2025 9:19 PM
500	Why are we only talking about motorized scooters What about motorized bikes	8/21/2025 9:01 PM
501	N/a	8/21/2025 8:57 PM
502	I strongly request that teenagers be banned from using scooters. I know several people who have been run over and injured. It is scary to walk to and from school with small children. Teenagers also create a danger on the road.	8/21/2025 8:35 PM
503	No	8/21/2025 8:30 PM
504	Speed	8/21/2025 7:48 PM
505	All about safety and education	8/21/2025 7:41 PM
506	cars should be held more accountable for driving safely around scooters, I know way too many car- scooter accidents where it was clearly the adults fault and the child was blamed for it	8/21/2025 7:17 PM
507	Kids should not be allowed to operate scooters	8/21/2025 6:54 PM
508	scooter on the sidewalk is very dangerous. Is the same with bice with motor	8/21/2025 5:26 PM
509	Many riders of motorized scooters ignore traffic rules and do not look when passing driveways whether riding on the sidewalk or the road. They often appear oblivious to pedestrians and vehicular traffic thereby posing a risk to themselves and others. In addition, they often ride at high speeds in places and at times where that poses a risk.	8/21/2025 5:25 PM
510	Stop it with crazy bike lane idea. Ban the stupid bikes. We have enough traffic problems without making less room for cars. And all the bike riders run all the red lights. Arrest those felons. Bike riders are the worst humans alive. The rules don't apply to them.	8/21/2025 4:09 PM
511	Scooters & electric bikes need a dedicated lane on A1A. All scooters must have a bell of some sort if they are allowed to be on sidewalks. Personally I have almost been hit multiple times in the last few years by nearly silent scooters blasting up behind me with no notice.	8/21/2025 4:02 PM
512	No	8/21/2025 3:41 PM
513	Ban scooters is the solution. Too much traffic in this small town. You can walk or use public transportation!	8/21/2025 3:40 PM
514	Let the drone monitor the speed and helmet use. Most of them are young. They're few, and we don't want a city with more restrictions on young people.	8/21/2025 2:52 PM
515	Must to be a mandatory Insurance as like in Europe cities .	8/21/2025 2:42 PM
516	The gift for taking the course should be a helmet and vest. But it should be held every week with a schedule.	8/21/2025 2:40 PM
517	All by concerns are covered in the survey above.	8/21/2025 2:26 PM
518	Overall, motorized scooters, and electric bikes should be banned	8/21/2025 2:22 PM
519	Many cities have banned scooters Because of accidents on the sidewalks and to drivers on the road. Sometimes in our city, there's 2 to 3 passengers on one scooter! They should be outlawed for safety reasons.	8/21/2025 1:53 PM
520	It's getting increasingly more dangerous. Many operators. Ignore Normal Traffic regulations, ignore Red lights And cut in and out of traffic	8/21/2025 1:51 PM
521	The use of helmet should also be be considered	8/21/2025 1:42 PM

## Motorized Scooter Survey

522	They have nearly killed my dog many times while walking. Extreme hazard and horrible users with no consideration for safety.	8/21/2025 1:29 PM
523	They should be forbidden in the city 100% no exceptions. Especially is rider has no driver Licence.	8/21/2025 1:24 PM
524	Ban use by more than one person on the scooter at a time.	8/21/2025 1:09 PM
525	We really need one of the road lanes to be a scooter/bike only lane. It would transform safety and also take huge numbers of local cars off the roads, by allowing people to feel safe to scoot or cycle. Right now it's totally unsafe to scoot or cycle on the roads, so the sidewalk is the only option, which, in turn, creates a hazard for pedestrians.	8/21/2025 1:08 PM
526	scooters are preferred because we have registered drivers that do not follow protocol and run lights and i never see officers so why add more rules for scooters if the car users are not enforced in Sunny isles	8/21/2025 12:24 PM
527	No scooters on the sidewalks since it's dangerous! This is my main concern.	8/21/2025 12:05 PM
528	they are dangerous to pedestrians on the sidewalk	8/21/2025 11:39 AM
529	Create or establish a set of traffic laws to follow for motorized scooter drivers.	8/21/2025 11:03 AM
530	No	8/21/2025 10:46 AM
531	I support Banning scooters off the road in the city and on A1A!!!	8/21/2025 10:33 AM
532	Main thing here is enforcement, if PD doesn't issue tickets nothing will work.	8/21/2025 10:04 AM
533	In fact, scooters are a very convenient means of transportation in our city. They just need a separate path so as not to interfere with pedestrians.	8/21/2025 9:56 AM
534	Not at the current time.	8/21/2025 9:51 AM
535	Motorized scooters and bicycles are both a hazard on our roads. The "bike lane" on Collins only causes issues for vehicles and is not practical with the large volume of traffic on the road.	8/21/2025 9:51 AM
536	Motorized scooter should be treated like a car since it has the ability to speed up and cause potential accident to other motorized vehicles and pedestrians. Drivers of scooters should also be licensed to ensure accountability if/when accidents happen. They should not be driving in the sidewalks as I have seen people drive too fast that it startles a lot of pedestrians and some of them move out on the street which is very dangerous. Drivers of motorized scooters should also have a valid license or student permit - someone that should have had some sort of training driving a motor vehicle.	8/21/2025 9:50 AM
537	They're extremely dangerous and should be banned. The don't look both ways before crossing the road even when the light is green, making it extremely dangerous for drivers. Not only that but they go extremely fast on the sidewalks without any regards of pedestrians	8/21/2025 9:48 AM
538	No	8/21/2025 9:16 AM
539	riding on Collins Avenue is one of the most dangerous things and endangers everyone	8/21/2025 8:57 AM
540	Most don't respect road signs, stop signs and traffic lights , they should be held to the same standards as someone driving a car or motorcycle	8/21/2025 8:29 AM
541	put on a helmet	8/21/2025 8:26 AM
542	I would prefer if its on side walks if you do additional lane for bike and scooters it doesnt help cars will still use that lane. Also i do not support small children on motorized scooters which i ve seen often min age should be same as driving licence	8/21/2025 8:09 AM
543	Based on successful programs in cities like Paris, Oslo, and others, here are some key areas and best practices you can suggest: Age and Rider Requirements: Many cities, and organizations like the American Academy of Pediatrics, recommend a minimum age of 16 for e-scooter use, as younger riders may lack the experience and judgment to navigate traffic safely. Some scooter companies require users to be at least 18 years old to rent a scooter through an app, often linked to a driver's license or credit card. Infrastructure and Designated Zones: Dedicated Bike Lanes: The most critical factor for safety. E-scooters should be ridden in bike lanes, not on sidewalks, to prevent accidents with pedestrians. Geofencing: This technology allows cities to create "no-ride" zones (like busy pedestrian areas or parks) and	8/21/2025 8:05 AM

## Motorized Scooter Survey

"slow-ride" zones where the scooter's speed is automatically reduced. This is a highly effective way to manage scooter traffic and protect pedestrians. Designated Parking Corrals: Creating specific parking spots or corrals for scooters prevents them from being left randomly on sidewalks, blocking access for people with disabilities, strollers, or others. Safety and Education: Helmet Requirements: Mandating helmet use for all riders, especially minors, is a top priority for preventing head injuries. Rider Education: Partnering with schools and community groups to teach safe riding practices, traffic laws, and proper scooter maintenance. No "Tandem" Riding: Enforcing a strict "one person per scooter" rule, as carrying a passenger significantly increases the risk of losing balance and crashing. Visibility: Encouraging riders to wear bright clothing and equipping scooters with lights and reflectors, especially for night use.

544	Mandatory use of a helmet, reflective vest, and additional lights on the helmet and scooter	8/21/2025 7:37 AM
545	scooters drivers don't follow traffic rules, they don't stop on red light and drives so fast on sidewalks	8/21/2025 6:47 AM
546	Majority of the scooter users are a danger to themselves and everyone else. I've had situations where I could've hurt them because they run red lights	8/21/2025 5:56 AM
547	Bike lane would take away / replace the right-most lane or be part of it? Also, helmets or protective gear should be highly encouraged, and reckless operation (itself should carry a fine) and without protective gear should carry a fine	8/21/2025 12:37 AM
548	Enforce laws regarding motorized scooters and or separate bike/scooter lanes	8/20/2025 10:36 PM
549	Helmet	8/20/2025 10:28 PM
550	No scooters on the side walks, it's is so dangerous	8/20/2025 10:16 PM
551	Mandatory helmet and obey laws	8/20/2025 9:58 PM
552	Riding 2 or 3 on the scooter	8/20/2025 9:24 PM
553	Very dangeuros	8/20/2025 9:19 PM
554	No	8/20/2025 8:31 PM
555	No e-scooter or e-bikes in the sidewalk	8/20/2025 8:30 PM
556	Totally BAN THEM !	8/20/2025 8:22 PM
557	Stop this	8/20/2025 7:47 PM
558	It's really dangerous for elderly people here. I am careful but 90 of kids are reckless.	8/20/2025 7:22 PM
559	Yes. I've seen parents with their child riding the same scooter. I think that's dangerous and should not be permitted.	8/20/2025 7:10 PM
560	18	8/20/2025 7:01 PM
561	Mandatory alert when passing pedestrians on the sidewalk by a bell or alarm to warn others that a scooter is passing from behind	8/20/2025 6:48 PM
562	It will kill any older person or any person.	8/20/2025 5:57 PM
563	Same rules should apply to electric skates and electric bikes.	8/20/2025 5:55 PM
564	They need to be OFF SIDEWALKS	8/20/2025 5:52 PM
565	There are not scooters, but the real bikes with wide tires that the kids are using to go to school. I would definitely bam them from using sidewalks. Also bicycle pass on Collins Avenue us quiet dangerous and the sodewalk.is narrow. I would suggest either using the "inside" streets only ( which is not possible between gateway and heritage parks, or letting ride the sidewalk on vollins on a low speed.	8/20/2025 5:48 PM
566	No	8/20/2025 5:43 PM
567	This scooters are very dangerous for people and dogs . They are everywhere on the sidewalk going very fast. They're quiet. You can't even hear them.	8/20/2025 5:41 PM
568	These scooters travel way too fast and disregard normal auto and motorcycle traffic rules. More than once I have come close to hitting someone riding one of the scooters. They	8/20/2025 5:39 PM

## Motorized Scooter Survey

definitely need training and need to be aware of intersections and other traffic. And I am not at my Sunny Isles residence that much. But the times I am in Sunny Isles these scooters have cut straight in front of me and I had to drive defensively so contact wasn't made.

569	Yes, I am very concerned about the current situation. I have been almost hit by one of those scooters on the sidewalks. They go at great speed and sometimes driven by children. I feel anxious now walking on the sidewalks. They must be regulated and sidewalks should be only for pedestrians.	8/20/2025 5:36 PM
570	Speed limits sign notifications for scooter riders	8/20/2025 5:08 PM
571	Nop	8/20/2025 4:52 PM
572	Scooters have caused a huge disruption in walking on the sidewalks.	8/20/2025 4:48 PM
573	I stopped walking my kids to school and now only drive, because walking with two children is not safe. We've already had an incident where someone ran into us.	8/20/2025 4:25 PM
574	No	8/20/2025 4:23 PM
575	No	8/20/2025 4:11 PM
576	18	8/20/2025 4:11 PM
577	None	8/20/2025 4:08 PM
578	kids need to be more careful looking both ways.	8/20/2025 3:17 PM
579	Unfortunately most children in our community are not responsible enough to use motorized scooters. I have witnessed the lack of respect not only on the roads but on the sidewalks as well. My concern is that they may cause serious injury not only to themselves but to others as well. Stricter provisions need to be in place for their safety as well as others in our community.	8/20/2025 12:31 PM
580	No	8/20/2025 10:03 AM
581	scooters became another danger for everybody as they don't respect speeds or people. They have no limits and do not wear safety equipment (increase insurance cost to all of us) When we come out of a parking lot or street corners we barely have time to blink , they already passed in a red light in front of the car so fast we don't have much chance. an accident will happen for sure. I'm super careful driving but this to me became a super dangerous situation plus they are always riding in 2 . lot's of them have 2 people on it many times adults. I totally disagree with this behavior. I would beg folks to come back to a friendly bike like old times and Europe . Not only scooters but motorized bikes are plaguing our sidewalks. they ride like maniacs. their faces are usually covered so we can not even see them passing by us in speeds that are not acceptable. this has to stop in order to maintain our safety. The speedy they ride should be settled as a car since we can't have cops looking after them all day long. that would assured our safety in the sidewalk but will sacrifice our congested lanes. Something has to be done. I understand times have changed. some use to go to work close by but we already have so much concern in the sidewalks with car drivers invading the sidewalk or talking on the phones. tks for this opportunity.	8/20/2025 9:13 AM
582	Please do not create extra lanes for scooters. At the speed a scooter travels they should be part of the road, not sidewalks or bicycle lanes.	8/20/2025 8:53 AM
583	Too many scooter already on the streets and too irresponsible putting in risk car drivers . Scooters pass from right lanes to left lanes putting car drivers in danger situations. And police doesn't do anything. Also my community has a lot elderly people who deserve respect.	8/20/2025 6:02 AM
584	Put a wall in the pedestrian bridge so they do not go through the intersection square on 174th and North Bay Road.	8/19/2025 11:56 PM
585	Why aren't the S.I.B. police ticketing these scooters with two and three people standing on the same scooter?	8/19/2025 10:28 PM
586	Innocent people are getting killed become the use of motorized scooters.	8/19/2025 10:04 PM
587	Bike/Scooter lanes should be "protected" or at least well separated, not just painting.	8/19/2025 9:57 PM
588	they are as dangerous as motorcycles.	8/19/2025 9:01 PM
589	Please keep them off the sidewalk soon!	8/19/2025 8:04 PM

## Motorized Scooter Survey

590	Sidewalks should only be for pedestrians. No bikes. No scooters. Often when we are walking on pedestrian sidewalks a scooter, electric bike, comes zooming by from the opposite direction without any warning. One wrong move and the pedestrian would be killed. These scooters are not just traveling on the sidewalk but they're traveling at a high rate of speed. We also had have mother's and Father's transporting a passenger on one scooter. Sidewalks are not for motorized anything. They are for people to enjoy their walks. I'm surprised this city hasn't adopted stricter rules. I hope you take action. If you want to see this I'm action just walk on the sidewalk prior to school start and you will see first hand what's going on.	8/19/2025 7:45 PM
591	The ring is very important to consider in the analys.	8/19/2025 7:36 PM
592	I am concerned about the increasing number of scooters being ridden at high speed on sidewalks. This creates a serious risk of accidents, especially for children and pedestrians. Most riders do not wear helmets, have no license plates, or any form of identification, making it difficult to hold them accountable. For everyone's safety, stricter regulations and enforcement are necessary to prevent potential accidents on our streets.	8/19/2025 7:31 PM
593	The sidewalks have become unsafe for pedestrians	8/19/2025 7:30 PM
594	The are out of control!	8/19/2025 7:27 PM
595	Speed limit, especially when passing/next to pedestrians. One person per scooter.	8/19/2025 6:42 PM
596	the number of people that ride itit, sometimes there are 2 people operating 1 scooter. making it law to slow down to pedestrians making sure they have the right of way. keep them off pathways especially during school hours to and from school routes. not allowed to speed them in parking lots they nearly hit my toddlers multiple times!!! Its extremely scary and hostile . Thank you for sending this survey	8/19/2025 6:02 PM
597	The kids using the scooter are very irresponsible, they don't care and respect the seniors and families with the small kids.also they are very aggressive if you ask them to slow down, they curse you and ignore you !! I have been in this situation in the past, and I feel not safe , just walking around the park in front of my building ( 176 st and North bay rd ) please do something we the other residents of sunny isles, have the right to enjoy our city too . Final note : we like to see the police more involved with this problem, some time you se the police just ignore the kids with the scooter and electric bike doing all Cain of crazy stuff.	8/19/2025 5:32 PM
598	sidewalk already to narrow should be for pedestrian only. Absolutely not for bikes and motorized scooters.	8/19/2025 4:33 PM
599	I am against banning motorized scooters. They should go on the street in their own lane, should abide to the same rules as vehicles (such as respect for the red light) and should get tickets / warnings when not abiding by the law. If it's a minor, the adult in care of that minor should be responsible	8/19/2025 3:57 PM
600	Yes. My main concerns with motorized scooter use are safety and accessibility. Scooters are often left blocking sidewalks, crosswalks, and building entrances, which creates hazards for seniors, children, and residents with disabilities. Riders also sometimes use sidewalks or exceed safe speeds, putting pedestrians at risk. I suggest designated parking areas, clearer enforcement of traffic rules, and public awareness campaigns to encourage responsible use. With better structure, scooters can be a safe and useful transportation option for the community.	8/19/2025 3:30 PM
601	People are very reckless and do not obey stop signs. They weave between the sidewalk and the street.	8/19/2025 2:45 PM
602	They are very dangerous, mostly driven by kids.	8/19/2025 2:11 PM
603	eventhough I understand that this is a massive fashion. It is my believe that it is very dangerous on both sides, the riders and the pedestrians. luckily I do not have any relative living in SIB that runs a motorized scooter and unluckily, I am a pedestrian citizen in Suny Isles Beach.	8/19/2025 1:36 PM
604	I see many with more than 1 person riding on sco9oters	8/19/2025 1:02 PM
605	Operational front and back light should be required	8/19/2025 12:22 PM
606	The trabsformation of traditional scooters and bicycles, once considered sport toys - into modern motorized vehicles,makes it neither reasonable nor safe to permit their use in	8/19/2025 12:20 PM

## Motorized Scooter Survey

pedestrian spaces. Ultimately, today's scooters is not switable for sidewalks, car streets or even PEDAL bike lanes.

607	City needs to work with parents of young kids whom ride fast and violent over the night times. Parents buy fast and not safe motorized devices for kids, not just a scooter but big and have electric motorcycles	8/19/2025 11:44 AM
608	They come flying by you when you're walking down the street and You can feel the breeze on your back. It's just a matter of time before someone gets seriously hurt.	8/19/2025 10:55 AM
609	Any motoriezed vehicle should require valid driver licence or atleast proof of atended clases - spesially for the kids.	8/19/2025 10:53 AM
610	Cyclists are arguably more dangerous than scooter riders. Right now, you can't walk on the sidewalks on Collins Ave because of the danger posed by cyclists and scooters. They respect nothing and no one.	8/19/2025 10:53 AM
611	none	8/19/2025 10:14 AM
612	Motorized scooters pose serious safety risks when operated carelessly in the city, especially when children ride them on sidewalks at high speeds. Because these devices require balance, awareness, and quick reaction time, they should be restricted to adults who can demonstrate responsibility. Riders should also be required to hold a valid driver's license and complete a safety course to ensure they understand traffic rules and safe operating practices.	8/19/2025 10:05 AM
613	No motorized bikes or scooters under 16 years of age. Our kids will be healthier if they pedal the bike	8/19/2025 9:51 AM
614	Motorized scooters should be required to obey traffic lights just as cars. Bicyclist should also be required to stop and not run through lights.	8/19/2025 9:50 AM
615	There has been a huge increase in preteens and teens riding reckless with motorized bikes and specifically dirt bikes on both side walks and streets too. When considering changes for motorized scooters you should also consider the motorized bikes as well.	8/19/2025 9:41 AM
616	It is dangerous for everyone. The motorized scooter driver, the pedestrians and regular vehicles traveling. I was running along Bay road and almost got hit by a young boy, almost 10 years-old maybe, who was riding in the middle of the street and crossed over to my side without even looking at the oncoming traffic, swerving and narrowly missed me. It was scary because he was riding very fast and just laughed and rode away.	8/19/2025 9:34 AM
617	It must be registered, require a safety, including rules, course	8/19/2025 9:33 AM
618	Freedom is paramount, the government should leave me alone as long as I don't hurt anyone else. Our 4th Amendment freedoms must be respected.	8/19/2025 9:03 AM
619	Sidewalks should be for pedestrians only.	8/19/2025 8:59 AM
620	I see kids, adults, and teens speeding through the streets at night, no lights, dressed in black. If scooters are not banned, a course should be mandatory for everyone, but enforced on minors who do not know anything about street, and driving rules. If a test is needed to drive a motorcycle, why shouldn't we have one for scooters AND the new electric bikes, which go as fast as the speed limit on our streets.	8/19/2025 8:59 AM
621	Danger to other vehicles and pedestrians. Should be licensed and registered like any other motor vehicle. Helmets should be mandatory as well.	8/19/2025 8:56 AM
622	What is the definition of "motorized scooter"? Can it be gas powered? An "e-bike". How large is a scooter before it becomes a vehicle?	8/19/2025 8:41 AM
623	Speed limitation	8/19/2025 8:39 AM
624	Two riders on one scooter. It's a weapon, torpedo!!!!	8/19/2025 8:38 AM
625	The scooters that kids use are not road safe. They have to ride in designated sidewalk lanes. I would enforce a speed limit of 12mph to avoid further accidents.	8/19/2025 8:31 AM
626	Stop having soooooo many restrictions!! The lane for schooters is a great Idea. There have not been so many accidents, so why restrict and take away freedom!!	8/19/2025 8:27 AM
627	I believe a course is necessary to show the young drivers, rules and safety measures. As I'm	8/19/2025 8:15 AM

## Motorized Scooter Survey

exiting my driveway onto Collins Avenue, I have to use extreme caution, not only for dog walkers, joggers, moms with baby carriages , people walking to the beach, people walking and starring at their phones and cyclist. But also the fast moving shooters that seem to appear out of nowhere!!

628	I have never seen so many traffic violations as with scooter users. They ride the wrong way—even on the left side of the road on Lehman Causeway. It's insane. Adults go even with children on board. Kids dodge curbs and weave between cars. If this doesn't stop soon, it's going to be a disaster—and unfortunately, many car drivers will be unfairly blamed for accidents caused by scooter riders. I drive a car, a motorcycle, and a bicycle myself, but I'm shocked by the abuse from these mini-vehicles that can reach speeds of 25 miles per hour or more.	8/19/2025 8:11 AM
629	In the dark, you should use the front and rear lights, as well as the available sound signal.	8/19/2025 8:10 AM
630	2 riders on one scooter. You see a lot of parents taking their kids to school on their scooter. Also 2 kids sharing a scooter does not seem safe.	8/19/2025 8:05 AM
631	Helmet necessary	8/19/2025 7:52 AM
632	scooter need to have lights and reflectors and the operator needs to wear a high reflective vest to be seen	8/19/2025 7:52 AM
633	More police control on e-bikes speeding on the pedestrian bridge. More speed control in general for scooter	8/19/2025 7:46 AM
634	Users should obey vehicular traffic laws or be fined. Users should use sidewalks where available rather than streets. There should be a maximum speed limit of 15 mph. Sidewalks can be marked for bicycles and scooter sections and directions like other cities around the country.	8/19/2025 7:43 AM
635	I have seen children of no more than 8 years old, up to three (3) on the scooter driving like maniacs down Collins Ave. It is total madness! 14 is the youngest a kid should ride, those apparatus go up to 40 mph.	8/19/2025 7:40 AM
636	Since most of the traffic movement in Sunny Isles goes north and south, why hasn't the City built a broadwalk on the beach that would allow for a lane for bicycles and motor scooters to move north and south throughout the city without fear of traffic or pedestrians? This is a simple and obvious solution just like what the city of Hollywood did	8/19/2025 7:03 AM
637	Helmets required	8/19/2025 6:36 AM
638	until there are separate lanes- fine on the sidewalk but slow down near people	8/19/2025 6:12 AM
639	No	8/19/2025 5:42 AM
640	If they will still be allowed on sidewalks, mandatory braking for pedestrians stepping off of buses cars, etc. Mandatory adequate horns and lights ahead of pedestrians.	8/19/2025 4:22 AM
641	There clearly needs to be more to be done, registration, safety , simple test for anyone to ride motorised scooters on SIB roads . Perhaps liability insurance .	8/19/2025 4:21 AM
642	Yes. There should be a strict rule for number of riders/passengers. One rider per scooter.	8/19/2025 3:58 AM
643	If we allow scooters then it should be done safely. Right now it's very dangerous.	8/19/2025 1:22 AM
644	Safety	8/19/2025 12:56 AM
645	its a matter of short time until serious accident involving motorized scooters will happened in our Citi	8/19/2025 12:42 AM
646	in bike lanes not sidewalks	8/19/2025 12:25 AM
647	Require operators to obey all traffic signals and regulations.	8/19/2025 12:16 AM
648	They are dangerous to pedestrians and creates caos in an already congested traffic and densely populated area.	8/18/2025 11:19 PM
649	The parents is responsabily is menor 14 years old, take the shooters, after came the parents of the School. People illegal need take one registration of the scooter, because is adult, they	8/18/2025 11:11 PM

## Motorized Scooter Survey

don't understand the rules and read English. In the plaza don't use scooter 🛵 in the middle outside restaurants.

650	For some - scooters are the only means to travel to work/school these days... However, I see kids riding it and not to pay much attention to the road at times. I would keep kids off the road for sure. Banning scooters are not an option, though.	8/18/2025 11:02 PM
651	Motorized scooters should be clearly tagged as evidence of SIB registration.	8/18/2025 10:56 PM
652	main thing is speed, if they are on sidewalk there needs to be speed limits and cops frequently on patrol to catch speeding scooters	8/18/2025 10:48 PM
653	I have been hit five times over the past two years by scooters on the sidewalk. People drive the scooters like it's a free for all. I've been hit by children and by adults. Nobody on scooters think that they have to obey the rules of the road, which is dangerous for them, pedestrians and vehicle drivers. They run red lights, stop signs. They just don't care.	8/18/2025 10:48 PM
654	Concern someone is going to get hurt. Register plate should be put on scooter.	8/18/2025 10:46 PM
655	-Max limit 2 pp per scooter -Mandatory helmets -Set speeding limits -No parents with small Children	8/18/2025 10:44 PM
656	The pedestrian safety	8/18/2025 10:31 PM
657	Too many rules and regulations AND TOO MUCH GOVERNMENT	8/18/2025 10:21 PM
658	Scooters or bikes on sidewalk are very dangerous, have been close to getting hit several times with the risk of someone falling into incoming traffic.	8/18/2025 10:12 PM
659	Total ban - they are dangerous both for the drivers and for pedestrians.	8/18/2025 9:47 PM
660	I see it as a great form to get around just like one piece of technology it needs to be used judiciously	8/18/2025 9:28 PM
661	Yes, a young boy drove in front of my car going in the wrong direction. I had to slam my brakes in order to not hit him.	8/18/2025 9:28 PM
662	Banned at rush hour and stop going between cars stay in your lane	8/18/2025 9:27 PM
663	mandatory helmets	8/18/2025 9:17 PM
664	Yes, most use their scooters in a reckless irresponsible manner.	8/18/2025 9:15 PM
665	They are very dangerous as they now can travel above 35mph which makes them dangerous for pedestrians and automobiles	8/18/2025 9:14 PM
666	May be allowing on Bay road only to travel to school	8/18/2025 9:09 PM
667	Dangerous for the walkers, drivers, the kids have no respect for the rules and safety of elders	8/18/2025 9:08 PM
668	It's getting impossible to walk in the streets	8/18/2025 9:05 PM
669	No scooters allowed on walkways!	8/18/2025 9:00 PM
670	it's very dangerous when they drive on the sidewalk	8/18/2025 8:51 PM
671	Drivers should know and follow rules of the road.	8/18/2025 8:46 PM
672	They should be required to wear helmets.	8/18/2025 8:37 PM
673	Very dangerous	8/18/2025 8:36 PM
674	ban from sidewalks	8/18/2025 8:34 PM
675	The Vision Zero framework includes making the city safer for pedestrians and scooters. Kids should only be allowed to use kick scooters - it is safer and healthier that way.	8/18/2025 8:31 PM
676	Max 1 person per scooter	8/18/2025 8:31 PM
677	Should be fine for adults riding a motorized scooter on the sidewalk	8/18/2025 8:30 PM
678	Very dangerous for users and for those around them.	8/18/2025 8:28 PM
679	I feel when school out no one can walk on the side walk. In my daughters neighborhood 2	8/18/2025 8:24 PM

## Motorized Scooter Survey

young girls where hit by a car and died. I go to the jersey shore for the summer a young person was killed this summer in margate Nj

680	Don't fix what ain't broken	8/18/2025 8:22 PM
681	They are out of control. They don't obey traffic laws or have any respect for pedestrians.	8/18/2025 8:21 PM
682	Speed limit, safety equipment, respect cars, bikes and pedestrians.	8/18/2025 8:21 PM
683	They're out of control Sidewalks are not wide enough to have them riding there nor are bike lines on Collins Avenue	8/18/2025 8:18 PM
684	Electric bikes must have the same rules as electric scooters. More than half of the city's bikes are electric.	8/18/2025 8:17 PM
685	They drive very fast and irresponsibly, very dangerous	8/18/2025 8:12 PM
686	Yes, I am afraid to walk the streets of the city at a time when schoolchildren are riding scooters to and from school. It is very dangerous.	8/18/2025 8:10 PM
687	Scooters are very dangerous to pedestrians. The local kids, and in the morning adults with kids speed through the neighborhood creating risk. Unless this is controlled injuries will increase.	8/18/2025 7:59 PM
688	I have found that when I use the sidewalk on a regular basis I am very scared of being hit by one from behind. It needs to be mandatory to have a bell/horn as well as a speed limit in case they are going to still be allowed on the sidewalk. My greatest wish is no scooters allowed on the sidewalk especially on Collins Ave. A bike lane with concrete barriers would be best	8/18/2025 7:55 PM
689	Enforcement Enforcement Enforcement	8/18/2025 7:51 PM
690	They ride a scooter too fast and not paying attention to pedestrians. I am always scared around them . My 2 year old grandson is scared	8/18/2025 7:51 PM
691	The scooters need to have a lane of it's own for safety and to eliminate anger and frustrations from cars etc.	8/18/2025 7:50 PM
692	Motorized scooter should be treated as motorcycles, motorized bicycles and any other motorized transportation equipment.	8/18/2025 7:47 PM
693	Free country. Stop implementing more regulations. Stop giving to the police stupid new regulations. Leave the way it is	8/18/2025 7:46 PM
694	They have to be careful	8/18/2025 7:45 PM
695	it's dangerous on the road so i prefer sidewalks especially for kids that ride scooters. on the other hand, if im driving its sometimes hard to see scooters that are coming fast on sidewalks and its been a close call a couple of times. so a designated bike and scooter lane might be the best option after all.	8/18/2025 7:41 PM
696	Motorized scooters on sidewalks are extremely dangerous to pedestrians.	8/18/2025 7:39 PM
697	Stop regulating so much.	8/18/2025 7:33 PM
698	These are recreational vehicles than do not need regulation. A separate lane should be the answer. Mixing bikes or scooters with traffic is dangerous. Same with side walk and scooters but the one damage is injury the other one is probably death when it comes to a car hitting a bike or scooter	8/18/2025 7:32 PM
699	I would ban scooters to be used for food and grocery deliveries.	8/18/2025 7:31 PM
700	Banned all the scooters. And electric motorcycles	8/18/2025 7:29 PM
701	A child should not be using any motorized vehicle which goes 20 - 45 miles per hour because they do not understand stopping distances, passing on the right, passengers right of way and riding with 2-3 people is dangerous. They have helmets hanging on the handlebars, not on their head. Some parents are worse than the kids, so how could children ever learn. Definitely safety classes should be mandatory!	8/18/2025 7:28 PM
702	Pedestrian walking and getting hit by a motorized scooter	8/18/2025 7:25 PM
703	Ban	8/18/2025 7:24 PM

## Motorized Scooter Survey

704	Safety helmets.	8/18/2025 7:22 PM
705	All these questions sound like government overreach. Scooters come in different sizes and models, some for kids and some for adults. A child on a scooter built for a child can reasonably be driven on a sidewalk. An adult on an adult model can easily be driven on a street. SIB neighborhood streets are narrow enough as it is without slicing off width for such draconian measures. These ideas are a slippery slope of more and more unnecessary laws which will require additional legal definitions and then more laws and regulations. All these ideas sound like an out of control HOA. Who will regulate all these things? Are we suddenly going to start new industries in SIB for licensing who gets to train people how to ride a scooter? Perhaps we need to regulate how people learn how to pedal a bicycle? Do the city police have nothing better to do than monitor scooters? Perhaps they can start arresting teens in McDonalds after school like in the U.K.? I'm being extreme in my examples to highlight the absurdity of this discussion.	8/18/2025 7:22 PM
706	No	8/18/2025 7:21 PM
707	They are extremely dangerous . They are used carelessly and much more training should take place .	8/18/2025 7:20 PM
708	Motorized scooters are super unsafe for everybody and should be banned from our safe city.	8/18/2025 7:18 PM
709	These scooters are super dangerous and are driven way too fast. Always afraid of being hit by one while I am out walking. Would love if they were banned totally.	8/18/2025 7:16 PM
710	Riders should be ticketed and fined for not obeying the rules. Helmets should be mandatory.	8/18/2025 7:16 PM
711	TOTALLY BAN SCOOTERS ! THEY ARE VERY DANGEROUS TO THE OPERATOR, TO PEDESTRIANS AND AUTOMOBILES.	8/18/2025 7:15 PM
712	That the fact the scooters are meant for one person and a lot of the times I see two people on electric scooters	8/18/2025 7:14 PM
713	During school hours it's completely dangerous	8/18/2025 7:12 PM
714	I think that is perfect you are thinking about to improve the safety	8/18/2025 7:11 PM
715	They are a hazard! I live in Ocean 1 @19333 Collins Avenue. MANY TIMES, while walking my dog in the area, I have nearly been knocked over by a motorized scooter. It is alarming seeing children driving them to and from school. It is also alarming seeing a parent driving one with a child also on the scooter. They should be used in a bike lane only, by 1 individual, who has passed a course who is of an age to be held responsible, no passengers!	8/18/2025 7:11 PM
716	I am not opposed to these forms of travel however there is great responsibility as to driving one as there is any other motorized vehicle.	8/18/2025 7:09 PM
717	I'm more concerned about motorized bicycles than scooters. Middle school boys and up are doing wheelies on the quieter roads of Golden Shores. They can be reckless but hide their activities when patrol cars are around. I don't believe the riders live in Golden Shores.	8/18/2025 7:08 PM
718	No	8/18/2025 7:07 PM
719	Please ban scooters from the city. Almost got run over by speeding scooter while walking on sidewalk. Kid never even stopped. Dangerous for any seniors on sidewalks.	8/18/2025 7:07 PM
720	Motorized scooters must be regulated like motor cycles	8/18/2025 7:06 PM
721	They do not belong on the streets of our city and should be banned. I do not want to fight for safe space with bikes and scooters when driving either.	8/18/2025 7:05 PM
722	Add a limit to how fast a scooter can go in a specific area	8/18/2025 7:02 PM
723	Kids are running full speed on the sidewalks and represent a risk for the pedestrian.	8/18/2025 6:53 PM
724	Then you should have to obey the laws of the traffic lights and not just roll right through	8/18/2025 5:01 PM
725	1. It is recommended to prohibit teenagers and other individuals from operating scooters without holding a valid driver's license. 2. It is recommended to prohibit scooter riding on sidewalks, as it creates safety hazards for pedestrians, parents with strollers, and children, making it unsafe for them to use these walkways.	8/18/2025 3:58 PM

## Motorized Scooter Survey

726	Motorized scooter users should use a bell to alert people on sidewalks before they are passing pedestrians, especially if they are riding in the same direction and pedestrians can't see and can't hear them.	8/18/2025 3:15 PM
727	These are dangerous. I have seen scooter riders hit by car	8/18/2025 2:02 PM
728	Educate the kids and enforce traffic laws	8/18/2025 1:52 PM
729	Safety first. Many motorized scooters seem to create their own rules thereby accidents. Please keep our community safe!	8/18/2025 1:50 PM
730	Create a wider bike lane for motorized scooters.	8/18/2025 1:45 PM
731	Same concern as use of bicycles	8/18/2025 1:40 PM
732	No	8/18/2025 1:32 PM
733	Only one person should be permitted on a scooter. No passengers!	8/18/2025 1:15 PM
734	Scooter users, bike riders, pedestrians and drivers supposed to strictly obey traffic rules.	8/18/2025 1:14 PM
735	N/A	8/18/2025 12:23 PM
736	Helmets should be required for e-scooters. At least for kids under 18 years old. They are typically faster than bicycles and a lot of kids use these escooters more now than they do a bicycle.	8/18/2025 12:19 PM
737	I've personally witnessed how dangerous they can be, when the rider runs stop signs & red lights, I also know residents who've been run over by people of all ages riding motorized scooters recklessly.	8/18/2025 12:15 PM
738	I strongly oppose these excessive regulations on scooters in our neighborhood. This is government overreach. We are Americans and we live in the land of the free, not in a nanny state where every small aspect is micromanaged by regulators. Scooters provide freedom convenience and an affordable way to get around. Of course safety matters, but that does not mean strangling the system with burdensome rules. Personal responsibility and common sense should be the guiding principles, not endless regulation. Instead of creating more restrictions, focus on enforcement of existing traffic laws and holding individuals accountable for unsafe behavior. Freedom should be preserved, not chipped away by unnecessary government control	8/18/2025 12:05 PM
739	They should use helmets. They abide just like the bikers to traffic laws.	8/18/2025 12:02 PM
740	Scooter speeds	8/18/2025 12:00 PM
741	No scoters in sunny isle !	8/18/2025 11:56 AM
742	They are unsafe on sidewalks whipping past people who are walking. It is also unsafe for the riders as cars turning out of centers may not see them coming up so fast in sidewalk. I have had a close call turning out of govt center to go south on A1A, can't see approaching scooter	8/18/2025 11:54 AM
743	No	8/18/2025 11:53 AM
744	To teach children which side they should move. Like cars - the right side of the road.	8/18/2025 11:47 AM
745	Not only lids but adults are using the scooters at a crazy speed. There are a big senior population in our city. We need to prevent an accident.	8/18/2025 11:45 AM
746	Max speed must be 15 mph	8/18/2025 11:45 AM
747	The kids on the motorized scooters are reckless which creates an unsafe environment for drivers.	8/18/2025 11:43 AM
748	Scooters is very dangerous on site walks. They are very narrow. Kids absolutely don't care about pedestrians	8/18/2025 11:43 AM
749	No	8/18/2025 11:42 AM
750	General concern regarding the safety of pedestrians on Collins Avenue. The east side sidewalks are too narrow forcing pedestrians to walk into the street when bicycles or other pedestrians pass. And - crossing the street feels hazardous to seniors like myself. I believe	8/18/2025 11:42 AM

## Motorized Scooter Survey

that there should be a pedestrian overpass as originally planned. I would like to know the status of this project.

751	Has to be way more secure.	8/18/2025 11:40 AM
752	My wife was almost hit by a teenager speeding on a scooter on the sidewalk south of Oceania Island yesterday. This survey is very timely.	8/18/2025 11:38 AM
753	Thank you for beginning to address this safety issue	8/18/2025 11:37 AM
754	Must hold parents accountable for their childrens use of electric scooter or e-bikes.	8/18/2025 11:02 AM
755	If children were not able to scooter to Norman S Edelpcup, the car traffic on the streets would be unbearable. Scooters keep cars off the road, which reduces traffic and exhaust fumes in our beautiful city.	8/18/2025 12:02 AM
756	NO	8/17/2025 7:29 PM
757	Children aren't aware of how fast they're going on electric scooters or what the consequences could be. Last year, a child hit a pickup that was stopped at a stop sign (at the intersection of N Bay Rd and 172nd Street). Many kids ride against traffic, use the middle of the road, and I've seen them crossing from one side of the road to the other right in the middle of curves. They definitely need to go through some kind of training, and maybe honorary inspectors should be assigned.	8/17/2025 11:46 AM
758	More education, more safety, more bike lanes, and safer streets. ID requirement is not american!	8/16/2025 7:09 PM
759	The scooters are very unsafe on the sidewalks even bikes, I've been hit walking with someone on a bike, and I've had to yell At kids before on scooters going so fast next to my 6 year old. Very unsafe walking especially during school hours. Scooters should operate like any other motor vehicle and follow the laws the same way you would driving. They should stop at stop signs and red lights as well.	8/16/2025 2:44 PM
760	The scooter driver has no respect weather you're driving or walking	8/16/2025 1:22 PM
761	We have to cancel use motorised scooters in our community!!!	8/16/2025 12:44 PM
762	implement speed limits for electrical scooters and enforce rules to protect pedestrians. Install cameras to prevent violations and accidents, as recently occurred in Key Biscayne. Provide training for children and young riders in school, impose fines for rules violations and place cameras in key intersections especially at 174th street and collins ave, where trafic laws are often ignored by both scooters and cars.	8/16/2025 12:15 PM
763	I won't do special lines as they will be bad for car traffic that will be more with new high rises coming to the city. But we need to regulate scooters please	8/16/2025 12:08 PM
764	The biggest problem with scooters is the complete lack of clarity as to what they are and how they are regulated. Are they vehicles, in which case they should use roads and be subject to the same laws as cars, or are they tantamount to pedestrians with those rules? Currently, scooters want to have it both ways - they operate in the roads when convenient and then hop on the sidewalk when they want. They expect cars to yield to them in crosswalks. Either vehicles or pedestrians - not both.	8/16/2025 11:28 AM
765	Kids riding motorized scooters are dangerous. We also need dedicated bike lanes.	8/14/2025 10:14 PM
766	no	8/14/2025 1:16 PM
767	I often see children on motorized scooters on the roadway and it is crazy to allow this. I also often see children on Sunny Isles on bicycles on the roadway doing various tricks and driving into oncoming traffic and the police do nothing about it. I also think that scooter drivers have no right to use headphones and a phone while driving because it is unsafe for them and for others. Almost always scooter drivers do not signal when driving behind and overtake pedestrians at high speed, this is unsafe because the pedestrian does not see the scooter driving at high speed from behind. I would like to see a rule prohibiting minors from using motorized and high-speed scooters and other similar vehicles because they do not have a driver's license. Scooters should not drive on the pedestrian part. A separate road should be built for them.	8/14/2025 9:20 AM
768	Residents insist on having safe sidewalks without having look over your shoulder constantly in	8/13/2025 11:27 PM

## Motorized Scooter Survey

fear of being knocked down by a scooter or bike.

769	Create a bike a bike path throughout the city and make it mandatory to use it. For children, find a way to tie their citations to the school (sort of like, all of your library fees/volunteer hours have to be completed before you get your diploma), this way it holds the children accountable for their actions. So you get a citation, it has to be paid or we hold your diploma, or you get a citation now you have to do community service hours that have to be completed by a certain time, if not a bigger fine or scooter repo.	8/13/2025 12:32 PM
770	Create scooter paths throughout the city, keeping most of the scooter of the congested and busy street. Especially for kids. Make it mandatory to use the paths.	8/13/2025 12:06 PM
771	SIB's sidewalks are not very wide, often 10' or even less. They are already crowded with significant numbers of street furniture, i.e. trash cans, lighting columns, massive traffic light supports, trees, etc. Presently motorized scooters operated by untrained minors travel in both directions on both sides of the street/highway. It is TERRIFYING!	8/13/2025 9:27 AM
772	The speed many of the scooters travel at and the fact they did not seem to understand the rules of the road.	8/12/2025 7:24 PM
773	It should definitely be banned for anyone 18 and younger. Ideally, it would be completely banned, like in London. There have been many accidents, and in Sunny Isles it's becoming impossible to walk on the sidewalks—especially with younger riders going at full speed. It's way too dangerous.	8/12/2025 6:53 PM
774	Yes none allowed on sidewalks.	8/12/2025 4:32 PM
775	No motorized scooter on any sidewalk.	8/12/2025 3:38 PM
776	They speed. Q#7 -8. Its very dangerous to use on the street, specially Collins Ave. Kids coming over the bridge from 174-172 Have No Respect. They speed down the street and they Can get into an accident. They have No respect for pedestrians and There are two in one scooter that , its my understanding, its prohibited. There is No police at the end of the bridge at 172 and Bay Rd issuing violation to those kids. I have pictures I havent had the chance to sent.	8/12/2025 12:40 AM
777	I have witnessed several wrecks that could have EASILY been prevented due to careless riders or careless drivers. When I was a kid, we had to take safety courses in elementary school provided by the local PD in order to register our bicycles. The same should be standard for kids these days ESPECIALLY with E-scooters and Ebikes so that they know how to operate them in a responsible manner. On the other hand, drivers need to step up and ALSO be more aware to not only traffic of other cars, but traffic of children on scooters.	8/11/2025 6:23 PM
778	If continued, there will be serious injuries and fatalities	8/11/2025 4:48 PM
779	Most cars drive faster than the speed limit and don't leave one lane for bicycles. They often drive too close. It's not safe for my kids to ride their scooters on the road.	8/11/2025 4:11 PM
780	They're dangerous and I wish they were not allowed in this town	8/11/2025 3:01 PM
781	The children on scooters zip by walkers too close, too fast. They run stop signs and don't obey safety laws designed for everyone's safety. The children don't ware helmets as the zip along faster than cars in a 20 mph speed zone. Who is at fault for a scooter rider slamming into a walker like a NFL line man?	8/11/2025 2:45 PM
782	There should be a speed limit imposed.	8/11/2025 1:46 PM
783	Thank you for getting our opinion on this. I just moved here from Dallas. Our son is going into Kindergarten. I see a lot of kids going to / from school in motorized scooters. I don't think you need to ban them. Just some regulation, similar to cars, but not as strict. I love the idea of a lane for bikes and motorized scooters. I know that takes money and time. A good stop gap, stickers for visually identifying if the kid has taken a safety course to ride them on the street? I'm not sure, but will be happy to spitball ideas with you all. Motorized scooters are an efficient way to get from a to b, no gasoline, no emissions.	8/11/2025 1:16 PM
784	Scooters are essentials in our city. A lot of people conveniently using it to ride to school or work or to the stores. Banning them will create more issues. Or people will switch to bikes. Which possible can crowd the city even more. Making people going through the course and carrying an ID might make the situation better.	8/11/2025 8:54 AM

## Motorized Scooter Survey

785	Our sidewalks are narrow A young person came between my leashed dog & I my dog was almost dragged	8/11/2025 8:31 AM
786	The present system is hazardous	8/10/2025 10:08 PM
787	There should also be a time limit and mandatory insurance for scooter drivers. I was hit by a scooter operated by a minor, who is still evading responsibility and blaming pedestrians. My medical visit following the accident cost \$27,000 for just four hours of treatment, including exposure to radiation. Minors should not be allowed to drive scooters, and all riders should be required to have insurance so they are held accountable if they injure someone.	8/10/2025 10:06 PM
788	Enforcement Enforcement Enforcement	8/10/2025 8:33 PM
789	I think this is necessary. I've been in situations where a scooter has almost run me over because they don't use a bell sometimes or let people know they are behind them.	8/10/2025 8:13 PM
790	This scooter is very dangerous for pedestrians and ordinary cyclists. The use of these scooters by students in our school k-8 must be banned.	8/10/2025 8:05 PM
791	No	8/10/2025 8:03 PM
792	This is not only about scooter, what's happening with electric bikes and mini motorcycles? I've been so many times almost involved in a crash with this kids riding electrics bikes and motorcycles, so dangerous	8/10/2025 7:41 PM
793	No one will use the scooter lane properly if bikes don't follow their lanes either.	8/10/2025 7:41 PM
794	They are a huge problem. Kids have no respect for those walking or driving for that matter.	8/10/2025 7:10 PM
795	Only one person or kid ride	8/10/2025 7:08 PM
796	Safety first	8/10/2025 6:58 PM
797	Most minors use them, so if rules need to apply just keep them in sidewalks. Anyone 18 and above should be able to keep their scooter on the street.	8/10/2025 6:41 PM
798	No one under 16 years old, because young children on them don't pay attention, don't obey traffic laws and create a dangerous situation for both them and cars	8/10/2025 6:15 PM
799	Not safe by the bridge on 163rd street	8/10/2025 5:33 PM
800	I'm totally opposed to motorized scooters in the sidewalks,it's just very dangerous to walk in Sidewalks in Sunny Isles	8/10/2025 5:29 PM
801	Please ban the use of motorized scooters on sidewalks. Create bike scooter lane on the steet and monitor motorized traffic very closely.	8/10/2025 4:30 PM
802	Yes. Very concerning how electric scooter and bicycle rides run into people on sidewalks, when pedestrians crossing the street legally they disregard all street traffic lights and signs, creating a dangerous situation	8/10/2025 4:27 PM
803	People who use them especially teenagers are very irresponsible, they don't mind if you are walking on the sidewalk, very dangerous.	8/10/2025 4:16 PM
804	Not permit electric motorcycle on the sidewalk	8/10/2025 4:09 PM
805	Scooters are a double-edged sword. Many of them go at full speed. While I was walking my baby in his stroller, I almost got hit. It's not fair.	8/10/2025 4:00 PM
806	Extreme danger to all on sidewalks, but especially the elderly! Scooters are silent when approaching from the rear, and it is thus very easy to make a mistep into their path. Severe injuries possible! North Bay Road especially dangerous!	8/10/2025 3:47 PM
807	Must have driver license	8/10/2025 3:39 PM
808	I would love for people to be able to use scooters to travel in a small city like SIB. However, reality shows the lack of education, respect, awareness and accountability of scooter riders in our city. They speed inches away from pedestrians with total disregard for their safety. They've injured people and just continue riding without any accountability. They can't share the street with our congested traffic, it's unsafe for everyone so that's not a reasonable option either. So, unfortunately, I support completely banning them from our City.	8/10/2025 3:07 PM

## Motorized Scooter Survey

809	Kids speed through driveways of busy condos. Unacceptable. Soo easy to run these people over. They never stop to see if there are cars coming out.	8/10/2025 2:07 PM
810	We need better set of rules for the scooters	8/10/2025 1:58 PM
811	Side walks are not safe not only from shooters but also cyclists. The city needs to make a safer bike lane that has a separation from cars so bicycle and scooter feel safe to drive on the street and not the side walk	8/10/2025 1:49 PM
812	Scooters and scooter users should be registered. Scooters should be tagged to document registration.	8/10/2025 1:42 PM
813	Separate bike lanes are desperately needed also side walks especially on Collin's need repairs. Why are utilities in the middle of the sidewalks?	8/10/2025 1:36 PM
814	No use in the city	8/10/2025 1:24 PM
815	No	8/10/2025 1:15 PM
816	The concern I have is when riders disregard pedestrians (Not Yielding) signs, speeding. I see too many young riders with passengers. Should be a safety headgear requirement for 18 and under.	8/10/2025 12:58 PM
817	If using sidewalk, require min speed limit	8/10/2025 12:46 PM
818	I think that the police should fine the child's parents that are driving recklessly on the streets, and the police should also fine the child's parents that are 3 or more in the same vehicle, sunny isles police fine parents if they are going with their children on the same scooter but it allows three or more kids to go on the same scooter it doesn't make any sense.	8/10/2025 12:36 PM
819	I am seeing so many instances in Sunny isles where scooters almost crash with drivers. Typically the scooters don't adhere to any safety precautions when riding, putting the responsibilities on the drivers. They are often careless and it's only a matter of time before we see major accidents	8/10/2025 12:27 PM
820	No scooter in sunny isle !	8/10/2025 12:25 PM
821	1. Increase police enforcement of scooter rules 2. Widen sidewalks with clear walking/riding lanes 3. Create a designated scooter route through the city along the quieter back streets 4. Car drivers are still more dangerous than scooters in our city. Increase enforcement of speeding, aggressive driving, illegal turns, failing to yield to pedestrians, etc. This should be much higher priority.	8/10/2025 12:17 PM
822	Remove cars not scooters. Create wide sidewalks with shade. Encourage bike and scooter usage by providing places to lock them and ride them safely.	8/10/2025 12:14 PM
823	No	8/10/2025 12:11 PM
824	I use my scooter to transport my autistic son to and from school. It would be great if roads were closed during school hours to expedite and ensure the mobility of residents who move us on scooters.	8/10/2025 12:10 PM
825	No	8/10/2025 12:04 PM
826	My main concern is children riding E scooters. I've witnessed numerous children riding e scooters going real fast. Children's motor skills, including balance and reaction time, are still developing, making it harder for them to control e-scooters, especially at higher speeds. They are children and they can't see danger coming their way. Stricter laws should be in place before a tragedy strikes.	8/10/2025 11:55 AM
827	Riders of motorized scooters should legally be required to wear a helmet and to follow all traffic laws.	8/10/2025 11:37 AM
828	They should not be allowed on sidewalks	8/10/2025 11:35 AM
829	I would suggest that limiting the number of people using such device while in motion should be capped at one. Rather than allowing tandem use.	8/10/2025 9:28 AM
830	Online course it's enough to be certified and know basic traffic rules	8/10/2025 9:15 AM
831	Motorized scooters may not be bad in and of themselves but they are used by people who are	8/10/2025 8:48 AM

## Motorized Scooter Survey

avoiding other legal and safe ways of transportation. The people who use them in our city and in my building simply DO NOT follow safety, health, or community standards. They choose the scooter exactly because it is not regulated or policed and because they can power the scooter using electricity that is not their own. They have no consequences for their actions and take no responsibility for the damage to our hallway carpets, fires due to explosion of batteries, pedestrian injuries and inconvenience, as well as danger and confusion caused to licensed drivers in automobiles. The amount of children and adults with children, who zoom out the the sunny isles beach k-8 school area at opening and dismissal times is outrageous overwhelming and OUT OF CONTROL on Bay Road in particular. It is about time, in fact way overdue, that policing and regulation attention is paid to the people who choose this mode of transportation and allow their children to ride scooters.

832	Speed allowed and 2 or more riders in one motorized scooter	8/10/2025 8:42 AM
833	One of the main concerns is the age of the riders — children as young as 10 years old, and in some cases even younger, are operating these types of vehicles. Many parents are unaware of the dangers when purchasing a scooter or e-bike capable of reaching speeds over 45 mph for their children, without first ensuring they receive proper training and understand the risks involved. Personally, I provide my children with riding lessons to help prevent accidents. I strongly believe that the city should require all scooter and e-bike owners to complete a certified safety course before being allowed to operate these vehicles. Additionally, high-speed motorized scooters should be removed from circulation, and helmet use should be strictly enforced — with vehicle impoundment as a penalty for non-compliance. While this may seem like a strict measure, it is a necessary and effective step toward ensuring safety for everyone in our community.	8/10/2025 8:26 AM
834	Please make a bike lanes. But no use Collins Av for that transit is crazy. Use side walk.	8/10/2025 7:26 AM
835	Requiring safety lights at night to see where the scooter is coming from as well as a bell to create awareness from the back. Also monitoring the speed travelled by scooters passing people	8/10/2025 7:19 AM
836	Requiring safety lights and speed monitoring on scooters	8/10/2025 7:16 AM
837	Given how many elderly live in the neighborhood, motorized scooters on sidewalks are utterly dangerous. My mom has been knocked down by scooters on several occasions and almost knocked down on way too many while walking on sidewalks. Broken bones from falls at 70 and up is life threatening!!! We beg you to please ban motorized scooters and bicycles on sidewalks. Thank you!	8/10/2025 7:04 AM
838	They need to follow the rules of the road including stopping at red lights	8/10/2025 6:37 AM
839	I think they are so dangerous, I have personally had friends with bad accidents and used to have one but got rid of it.	8/10/2025 6:27 AM
840	People ride their scooters fast on the sidewalk and I've seen pedestrians almost been struck by one.	8/10/2025 3:52 AM
841	That you don't need so many requirements to ride a simple scooter and that there are people who want to take their children to school and don't need to have more than one	8/10/2025 2:26 AM
842	The separated lanes for pedestrians and scooters on the North Bay road sidewalk was a nice addition, but I believe the execution was still flawed. I personally get disoriented when pedestrians ignore the separate lanes and walk in the scooter lane. I think a better choice would be to make the sidewalk separated by flow direction. Haulover park has a fairly new bike/jogger shared use path, and I use it frequently. It doesn't separate joggers from bikers. Instead, it acts similar to an actual road, where it's divided by a broken yellow line, meaning that traffic flows in opposite directions on either side of the line. You just stick to your side and pass others using the opposite side. I think the shared use path is very well executed. I believe that this type of path, separated by traffic flow, would be better than a path separated by pedestrians/scooters.	8/10/2025 12:56 AM
843	Bike line it's too close to the street so a car can hit a kid with scooter by mistake . Its more dangerous than sidewalk	8/10/2025 12:11 AM
844	Ask a license	8/10/2025 12:01 AM
845	Speed limit	8/9/2025 11:59 PM

## Motorized Scooter Survey

846	I would like to use exclusive lanes for scooters/bicycles, but I have the feeling that they are not safe enough, they tend to be very open and cars often do not respect the speed limit or regulatory distance, which makes me choose the sidewalk for safety.	8/9/2025 11:57 PM
847	I am categorically opposed to all scooters, especially on sidewalks. People who walk on sidewalks and constantly have to look over their shoulders to see if teenagers are speeding toward them on scooters should not have to feel unsafe. The sidewalk is supposed to be their zone of safety. Those who believe they have the right to ride electric vehicles on sidewalks—putting the lives of pedestrians, including small children who walk without fear or constantly looking back, at risk—should instead ride on the road alongside cars if that is the mode of transportation they choose. Why should ordinary people suffer because someone wants to speed around at a velocity several times faster than a human walking pace? If such people don't care about their own life and health, then by all means, let them ride alongside cars on the roads, where the speed limit is 30 mph—often close to the speed scooters reach. Leave the sidewalks to pedestrians, so they can once again walk without having to glance in terror to the right and left before stepping forward, and simply enjoy their walk. I am strongly opposed to scooters, especially when reckless teenagers ride them—sometimes two or three on a single scooter—setting a bad example for my children, because “it looks cool” while their “mean mom” doesn't allow it. Keep sidewalks for pedestrians. Let those who don't value their own lives ride on the streets—helmet or no helmet—so that they fear the cars speeding past, not the other way around.	8/9/2025 11:43 PM
848	Motorized scooters have endangered pedestrian's safety on sidewalks throughout the city because of the high speeds of some reckless riders. There should be some sort of course "required" for motorized scooter/bike operators of all ages. Specified lanes on sidewalks or roads for motorized scooters/bikes may help improve the current situation if there is outreach to the public to follow certain rules. I believe anyone should be allowed to ride a motorized scooter as long as they operate it in a safe and courteous manner.	8/9/2025 11:34 PM
849	Absolutely. Scooters are a growing safety hazard—left dumped on sidewalks, blocking access, and ridden recklessly through pedestrian areas. This endangers seniors, children, and people with disabilities. The city needs to crack down now: enforce parking zones, set strict speed limits, require helmets, and fine violators on the spot. No excuses, no delays.	8/9/2025 11:32 PM
850	N/A	8/9/2025 11:19 PM
851	Limit the amount of people that can be riding on one scooter	8/9/2025 11:16 PM
852	I dont have my scooter anymore, but i seen alot of teenagers speeding on sidewalks which makes it dangerous for pedestrian especially the elderly	8/9/2025 11:16 PM
853	Just hoping the streets/walksides are in good shape to avoid people falling	8/9/2025 11:09 PM
854	My family members were hit twice by scooters, enough! I almost hit a scooter while turning on my green, while he was speeding in the right side of me in the sidewalk. Unbelievable, they are worst and more dangerous then cars and should not be allowed anywhere near pedestrians or traffic! And don't let me started on kids riding then inside pelican park ( where there little kids !!!) and near school- they are crazy and have 0 regard for anyone's safety!	8/9/2025 10:51 PM
855	Is very dangerous because they driving at night with no lights two Persons in one scooter is no safe some times you don't know what they do and they don't even care	8/9/2025 9:37 PM
856	It is unacceptable that kids are using it	8/9/2025 9:08 PM
857	Sidewalks are not meant for scooters or bikes. They should ride on bike lanes. Please keep pedestrians safe!	8/9/2025 9:06 PM
858	Too many kids riding dangerously on the roads at night, jumping in front of cars and on and off the road erratically	8/9/2025 8:27 PM
859	1. Every scooter should be required to have a horn or loud bell to warn pedestrians on sidewalks that they are approaching from behind, if they are allowed on sidewalks at all. Yes, it will add to general noise. 2. For the sake of the scooter drivers themselves, helmets should be required.	8/9/2025 8:14 PM
860	Yes. I have seen adolescents and young teens shoot out of side streets into traffic and also shoot down parking garage ramps and almost crashed into cars turning to go into the garage. If they are not old enough for an automobile license they should not be allowed to ride without regulation or training in traffic. It is very dangerous. I have had to slam on my breaks several	8/9/2025 8:10 PM

## Motorized Scooter Survey

times to avoid hitting these children. A disaster waiting to happen. Also, they should not be allowed to ride tandem (2 people on one scooter).

861	I am very afraid of getting hit by a motorized scooter while walking on the sidewalk and crossing streets because many times the scooter operators are not careful.	8/9/2025 7:39 PM
862	Enforcing safety . Wear helmet and regulate speed.	8/9/2025 7:38 PM
863	I am concerned as how fast most of these scooters are going on the sidewalk. Sometimes I hardly have time to jump aside so they don't hit me. They also fly through intersections like crazy, I am scared for their lives.	8/9/2025 6:38 PM
864	I've seen elementary age children (without their parent or caregiver) use the motorized scooter and ride into ongoing traffic. They did not stop for the crosswalk light to show their right of way. Obviously, an elementary school child is oblivious to the traffic rules.	8/9/2025 6:10 PM
865	Kids are speeding through parking lots and streets, not following standard traffic laws that apply to motorized vehicles. Also they constantly ride two to a scooter, no helmets, and police have absolutely no enforcement with these kids... Only a matter of time till one gets killed. Have watched consistently police watch these kids break the rules, and not stop or say anything to them. It is out of hand. currently ZERO ENFORCEMENT	8/9/2025 3:40 PM
866	Yes, it is very unfair that scooters couldn't use the sidewalk, also knowing if they use the road for example police even themselves honk at the scooters to go to the sidewalk so a bike lane for scooters and bikes would be the perfect thing for them.	8/9/2025 3:34 PM
867	There is a lack of policing.	8/9/2025 3:32 PM
868	We live close to the school. Taking my grandkids in the morning and picking them up is a dangerous trip. I'm hoping for stricter laws for the safety of all.	8/9/2025 3:01 PM
869	Speed limits even on streets not just on sidewalks	8/9/2025 2:51 PM
870	There are different types of motorized scooters/Bikes. SIB should identify by size, HP, and occupancy. They should have a device that limits the speed it goes (10mph). They must be registered yearly, and repeated violators should have the privileged revoked. Need to hold individuals or families accountable (Homeowners insurance should be mandated to have some type of coverage as part of the overall policy. Lithium batteries are dangerous and have caused many fires, only certified batteries should be used.	8/9/2025 2:50 PM
871	Contact Ken Percy to bring Sunny Isles community to the next level. Opening up space to the next level for pedestrians, bikes, motorized scooters/bikes while beautifying our City. Keeping our children safe and vehicles flowing with emendate room for scaling our city!	8/9/2025 2:47 PM
872	My main idea is to prohibit children from using motorized scooters	8/9/2025 11:58 AM
873	Some of these kids fly down the street with out consideration and really injuring a pedestrian	8/9/2025 11:26 AM
874	We see daily how these scooters create dangerous situations. Our children need to be protected when walking and younger kids shouldn't be given the major responsibility of driving a dangerous scooter.	8/9/2025 11:18 AM
875	I would support limiting how many people can be on a scooter.	8/9/2025 10:38 AM
876	I believe a course should be required to use an electric scooter for those who do not have a driver's license. I believe it is an urgent necessity for the city of Sunny Isles, due to the high volume of traffic, to implement a plan to widen sidewalks. This would allow people to walk with enough space and comfort, while having a separate lane for electric scooters and bicycles. It is absolutely necessary and would be of great benefit to the entire community, as it would ease traffic, benefit everyone, and reduce the risk of accidents.	8/9/2025 10:17 AM
877	No more than one person per scooter. Respect the traffic rules like stop signs. Respect pedestrian. ( I am hearing impaired and even if they ring a bell, they do not stop and I do not hear the bell behind me) but they do not have the right of way either on pedestrian.	8/9/2025 8:34 AM
878	Mandatory Helmet and safety bicycle vest	8/9/2025 8:01 AM
879	Create designated lane for bikes and scooters	8/9/2025 7:47 AM
880	Motorized scooters need to be on the road, too dangerous on sidewalks. Especially on North Bay road where there are many pedestrians.	8/8/2025 11:21 PM

## Motorized Scooter Survey

881	There is a speed limit on sidewalks, and please be respectful, as many young people don't know that word. Where one person's right ends, the next person's right begins.	8/8/2025 10:32 PM
882	Impose sanctions on those who break the rules in the city	8/8/2025 9:35 PM
883	They drive faster than cars, sometimes not caring about pedestrians.	8/8/2025 7:53 PM
884	People on motorized scooters have come awfully close to hitting me and my family	8/8/2025 6:50 PM
885	If there's going to be a bike lane it has to be separated from the cars because bike lanes that we already have are not safe.	8/8/2025 6:45 PM
886	I think these are very good rules. I have been scared thinking the driver would hit me. Great survey	8/8/2025 6:35 PM
887	Bike lane would be great.	8/8/2025 6:28 PM
888	Get them out of here!! We already have a bike lane. ENFORCE all motorized vehicles, bikes and scooters to keep off of all sidewalks and walkways!!	8/8/2025 6:11 PM
889	No little kids!!!	8/5/2025 5:53 PM
